parent of enciso siblings: Handbook of Research on Children's and Young Adult

Literature Shelby Wolf, Karen Coats, Patricia Enciso, Christine Jenkins, 2011-04-27 This landmark volume is the first to bring together leading scholarship on children's and young adult literature from three intersecting disciplines: Education, English, and Library and Information Science. Distinguished by its multidisciplinary approach, it describes and analyzes the different aspects of literary reading, texts, and contexts to illuminate how the book is transformed within and across different academic figurations of reading and interpreting children's literature. Part one considers perspectives on readers and reading literature in home, school, library, and community settings. Part two introduces analytic frames for studying young adult novels, picturebooks, indigenous literature, graphic novels, and other genres. Chapters include commentary on literary experiences and creative production from renowned authors and illustrators. Part three focuses on the social contexts of literary study, with chapters on censorship, awards, marketing, and literary museums. The singular contribution of this Handbook is to lay the groundwork for colleagues across disciplines to redraw the map of their separately figured worlds, thus to enlarge the scope of scholarship and dialogue as well as push ahead into uncharted territory.

parent of enciso siblings: Tools for Assessing Family Relationships Marialuisa Gennari, Stephen Edward Finn, Alessandra Santona, Giancarlo Tamanza, 2025-05-21 Recent evidence from clinical practice and research in the field of Clinical Family Psychology highlights the importance of finding reliable tools and methods for assessing couple and family relationships. Expectations from both clinical services and academics are that professionals can collect reliable information on family relationships, even if in daily clinical practice this information is underutilized. These expectations could be fulfilled by the common use of validated measures, tools, and methods that guarantee reliable data about family relationships. However, practitioners infrequently use these kinds of measures, tools, and methods either because of a lack of knowledge or because the tools are not readily accessible. Clear instructions on how to properly assess couple/family relationships within daily clinical practice are needed, especially since psychologists work in different clinical settings and treat different populations.

parent of enciso siblings: Student Leadership Model for Hispanic Serving and Emerging Hispanic Serving Institutions Norma S. Guerra, Daniel Loera, Martha Enciso, Lorena Claeys, 2024-07-01 Although empirical evidence indicates that HSIs (Hispanic Serving Institutions) are making some progress in recognizing that enhancing the racial and cultural experiences of Latino/a/x students, "Latinx-enhancing" is part of their role as institutions that enroll and serve large numbers of minoritized students (Garcia, 2019), there are still institutional gaps on prioritizing opportunities for Latino/a/x students to engage in leadership development. Latino/a/x students often rely on informal out-of-college support systems found in their community-- comunidad, such as family and peers to thrive within college (Ceballo, 2004; Easley, et al, 2012), it is important to assist them in their development and implementation of strengths-based problem-solving communication

approach (Guerra, 2015, 2016). **ENDORSEMENTS:** This book is valuable to scholars and practitioners of higher education, especially those at minority-serving institutions invested in culturally relevant approaches to student success and asset-based development—particularly in relation to Latinx students and communities. Overall, the book paints a beautiful portrait of culturally responsive leadership that is rooted in partnership with the students we serve. — Christian A. Bracho, California State University, Long Beach The manuscript presents a perspective that has been untapped at HSIs- the student, student leadership and the student advocacy that is required to improve and intentionally influence HSI development. To date, no other work has been developed that addresses the role of the student in growth and servingness at HSIs. — Paloma Vargas, Oxnard College

parent of enciso siblings: *The Living and the Dead* Anthony J. Enciso, 2009-12-04 A teenage son makes a strange discovery one morning at the back of his parents closet. Wrapped in red silk and hidden beneath a pile of old photos is a beautiful samurai sword in its scabbard. When the boy confronts his father with his discovery, he soon learns the tragic story behind its acquisition and its villainous former owner. His fathers tale of one mans ultimate devotion to the woman he loves and the sacrifices he was willing to make in her name begins to unfold, changing the boy forever. Nate Walker had lived a lonely existence, tormented for much of his young life by the nightmares of an abusive childhood and his bouts with his personal demons. But when Sarah Ross entered his life by chance and fell in love with him, his life suddenly took on a whole new meaning. A lifetime of happiness no longer seemed an unattainable dream. Little did Nate know, however, that a lone bullet fired on a warm summer night in Las Vegas would drastically alter his life and threaten to destroy his future with the woman he loves more than life itself. The shadows from her past would catch up to them in the worst way possible. After burying his older brother, Mark ODane, Sarahs ex-fianc and the youngest son of a casino magnate, launches a desperate ploy to win her back. Despite his associates dire warnings, ODane turns to his fathers sinister chief enforcer, Dante Medina, to deliver Sarah an invitation to his party in Las Vegas, an invitation he knows she would not dare refuse. When the sadistic killer arrives in town, she has no choice but to accept his summons in fear of a violent reprisal against Nate and his loved ones. After setting in motion a disastrous last-minute attempt to see Sarah before her departure, Nate and his friends, Mitch Green and Roy Tucker, launch a frantic plan of their own to find her and, at the same time, protect their loved ones at home from retaliation. Broken and afraid, Nate and Sarah find their way back to each other, but are burdened with the haunting knowledge that the true horror Dante threatened to unleash is only just beginning. Volume I comes to a tumultuous end, but the tale of the samurai sword is only halfway complete. The epic love story concludes in volume II.

parent of enciso siblings: *The Living & the Dead*: ANTHONY J. ENCISO, 2011-09-07 After learning about the pain and heartache his father suffered for the woman he loved, Matty Walker discovers the rest of his family's tumultuous history as the epic tale of the samurai sword comes to a triumphant conclusion. Two years and four months after Dante Medina and his Perros assembled in

Juárez to swear retribution for the deaths of Duncan and Dimacio, Nate Walker and Sarah Ross are trying desperately to save their newly forged marriage after a senseless indiscretion threatens to destroy it. Despite the brief respite from Dante's wrath, El Cazador and his Perros soon make a sudden strike against the people Nate and Sarah love. Suddenly, Nate is pulled back into the nightmarish world he thought he had escaped and is forced to face each of the diabolical Perros one-by-one before entering a final showdown against Dante Medina himself. With his soul on the line, Nate must make a heartbreaking decision between saving himself or the woman he loves.

parent of enciso siblings: *Language and Cultural Practices in Communities and Schools* Inmaculada M. García-Sánchez, Marjorie Faulstich Orellana, 2019-09-09 Drawing on sociocultural theories of learning, this book examines how the everyday language practices and cultural funds of knowledge of youth from non-dominant or minoritized groups can be used as centerpoints for classroom learning in ways that help all students both to sustain and expand their cultural and linguistic repertoires while developing skills that are valued in formal schooling. Bringing together a group of ethnographically grounded scholars working in diverse local contexts, this volume identifies how these language practices and cultural funds of knowledge can be used as generative points of continuity and productively expanded on in schools for successful and inclusive learning. Ideal for students and researchers in teaching, learning, language education, literacy, and multicultural education, as well as teachers at all stages of their career, this book contributes to research on culturally and linguistically sustaining practices by offering original teaching methods and a range of ways of connecting cultural competencies to learning across subject matters and disciplines.

parent of enciso siblings: *Language, Learning, and Culture in Early Childhood* Ann Anderson, Jim Anderson, Jan Hare, Marianne McTavish, 2015-12-07 Complex factors affect young children and their families in today's increasingly diverse world characterized by globalization, the transnational movement of people, and neo-liberal government policies in western and industrialized countries. This book focuses on three of these factors—culture, language and learning—and how they affect children's development and learning in the context of their communities, families and schools. Taking an ecological perspective, it challenges normative and hegemonic views of young children's language, literacy and numeracy development and offers examples of demonstrated educational practices that acknowledge and build on the knowledge that children develop and learn in culturally specific ways in their homes and communities. The authors highlight issues and perspectives that are particular to Indigenous people who have been subjected to centuries of assimilationist and colonialist policies and practices, and the importance of first or home language maintenance and its cognitive, cultural, economic, psychological and social benefits. parent of enciso siblings: *The Routledge Handbook of Digital Literacies in Early Childhood* Ola Erstad, Rosie Flewitt, Bettina Kümmerling-Meibauer, Íris Susana Pereira, 2019-07-05 As fast-evolving technologies transform everyday communication and literacy practices, many young children find themselves immersed in multiple digital media from birth. Such rapid technological change has consequences for the development of early literacy, and the ways in which parents and educators are able to equip today's young citizens for a digital future. This seminal Handbook fulfils an urgent need to consider how digital technologies are impacting the lives and learning of young children; and how childhood experiences of using digital resources can serve as the foundation for present and future development. Considering children aged 0–8 years, chapters explore the diversity of young children's literacy skills, practices and expertise across digital tools, technologies and media, in varied contexts, settings and countries. The Handbook explores six significant areas: Part I presents an overview of research into young children's digital literacy practices, touching on a range of theoretical, methodological and ethical approaches. Part II considers young children's reading, writing and meaning-making when using digital media at home and in the wider community. Part III offers an overview of key challenges for early childhood

education presented by digital literacy, and discusses political positioning and curricula. Part IV focuses on the multimodal and multi-sensory textual landscape of contemporary literary practices, and how children learn to read and write with and across media. Part V considers how digital technologies both influence and are influenced by children's online and offline social relationships. Part VI draws together themes from across the Handbook, to propose an agenda for future research into digital literacies in early childhood. A timely resource identifying and exploring pedagogies designed to bolster young children's digital and multimodal literacy practices, this key text will be of interest to early childhood educators, researchers and policy-makers.

parent of enciso siblings: Navigating Languages, Literacies and Identities Vally Lytra, Dinah Volk, Eve Gregory, 2016-06-10 Navigating Languages, Literacies and Identities showcases innovative research at the interface of religion and multilingualism, offering an analytical focus on religion in children and adolescents' everyday lives and experiences. The volume examines the connections between language and literacy practices and social identities associated with religion in a variety of sites of learning and socialization, namely homes, religious education classes, places of worship, and faith-related schools and secular schools. Contributors engage with a diverse set of complex multiethnic and religious communities, and investigate the rich multilingual, multiliterate and multi-scriptal practices associated with religion which children and adolescents engage in with a range of mediators, including siblings, peers, parents, grandparents, religious leaders, and other members of the religious community. The volume is organized into three sections according to context and participants: (1) religious practices at home and across generations, (2) religious education classes and places of worship and (3) bridging home, school and community. The edited book will be a valuable resource for researchers in applied linguistics, linguistic anthropology, socio-linguistics, intercultural communication, and early years, primary and secondary education.

parent of enciso siblings: Engaging with Multicultural YA Literature in the Secondary Classroom Ricki Ginsberg, Wendy Glenn, 2019-02-18 With a focus on fostering democratic, equitable education for young people, Ginsberg and Glenn's engaging text showcases a wide variety of innovative, critical classroom approaches that extend beyond traditional literary theories commonly used in K-12 and higher education classrooms and provides opportunities to explore young adult (YA) texts in new and essential ways. The chapters pair YA texts with critical practices and perspectives for culturally affirming and sustaining teaching and include resources, suggested titles, and classroom strategies. Following a consistent structure, each chapter provides foundational background on a key critical approach, applies the approach to a focal YA text, and connects the approach to classroom strategies designed to encourage students to think deeply and critically about texts, themselves, and the world. Offering a wealth of innovative pedagogical tools, this comprehensive volume offers opportunities for students and their teachers to explore key and emerging topics, including culture, (dis)ability, ethnicity, gender, immigration, race, sexual orientation, and social class.

parent of enciso siblings: Transforming Teaching and Learning with Active and Dramatic Approaches Brian Edmiston, 2013-09-11 A CHOICE Outstanding Academic Title 2014! How can teachers transform classroom teaching and learning by making pedagogy more socially and culturally responsive, more relevant to students' lives, and more collaborative? How can they engage disaffected students in learning and at the same time promote deep understanding through high-quality teaching that goes beyond test preparation? This text for prospective and practicing teachers introduces engaging, innovative pedagogy for putting active and dramatic approaches to learning and teaching into action. Written in an accessible, conversational, and refreshingly honest style by a teacher and professor with over 30 years' experience, it features real examples of preschool, elementary, middle, and high school teachers working in actual classrooms in diverse settings. Their tales explore not only how, but also why, they have changed the way they teach. Photographs and stories of their classroom practice, along with summarizing charts of principles and strategies, both illuminate the critical, cross-curricular, and inquiry-based conceptual framework Edmiston develops and provide rich examples and straightforward guidelines that can support readers as they experiment with using active and dramatic approaches to dialogue, inquiry, building community, planning for exploration, and authentic assessment in their own classrooms.

parent of enciso siblings: Reframing Sociocultural Research on Literacy Cynthia Lewis, Patricia E. Enciso, Elizabeth Birr Moje, 2020-07-24 This landmark volume articulates and develops the argument that new directions in sociocultural theory are needed in order to address important issues of identity, agency, and power that are central to understanding literacy research and literacy learning as social and cultural practices. With an overarching focus on the research process as it relates to sociocultural research, the book is organized around two themes: conceptual frameworks and knowledge sources. *Part I, "Rethinking Conceptual Frameworks," offers new theoretical lenses for reconsidering key concepts traditionally associated with sociocultural theory, such as activity, history, community, and the ways they are conceptualized and under-conceptualized within sociocultural theory. *Part II, "Rethinking Knowledge and Representation," considers the tensions and possibilities related to how research knowledge is produced, represented, and disseminated or shared—challenging the locus of authority in research relationships, asking who is authorized to be a legitimate knowledge source, for what purposes, and for which audiences or stakeholders. Employing the lens of "critical sociocultural research," this book focuses on the central role of language and identity in learning and literacy practices. It is intended for scholars, researchers, and graduate students in literacy education, social and cultural psychology, social foundations of education, educational anthropology, curriculum theory, and qualitative research in education.

parent of enciso siblings: Language, Culture, Identity and Citizenship in College Classrooms and Communities Juan C. Guerra, 2015-10-05 Language, Culture, Identity and Citizenship in College Classrooms and Communities examines what takes place in writing classrooms beyond academic analytical and argumentative writing to include forms that engage students in navigating the civic, political, social and cultural spheres they inhabit. It presents a conceptual framework for imagining how writing instructors can institute campus-wide initiatives, such as Writing Across Communities, that attempt to connect the classroom and the campus to the students' various communities of belonging, especially students who have been historically underserved. This framework reflects an emerging perspective—writing across difference—that challenges the argument that the best writing instructors can do is develop the skills and knowledge students need to make a successful transition from their home discourses to academic discourses. Instead, the value inherent in the full repertoire of linguistic, cultural and semiotic resources

students use in their varied communities of belonging needs to be acknowledged and students need to be encouraged to call on these to the fullest extent possible in the course of learning what they are being taught in the writing classroom. Pedagogically, this book provides educators with the rhetorical, discursive and literacy tools needed to implement this approach.

parent of enciso siblings: Programming and Planning in Early Childhood Settings

Leonie Arthur, Bronwyn Beecher, Elizabeth Death, Susan Dockett, Sue Farmer, 2017-08-07

Programming & Planning in Early Childhood Settings explores a range of approaches to curriculum and to documenting children's learning in early childhood settings. This valuable resource for early childhood education students and practitioners provides a broad view of the concepts and issues in early childhood curriculum. Chapters reflect ongoing discussions about what is meant by the terms 'planning' and 'programming' in the context of early childhood, what is authentic curriculum for young children, and effective teaching strategies to extend young children's learning. The strong focus on sociocultural theories of learning promotes awareness of children's diverse experiences, competencies and learning styles, and helps readers recognise the need for collaborative partnerships between educators, children and families in order to develop appropriate programs. Thoroughly revised and updated, this new edition shows how chapters of the text are relevant to the Australian Professional Standards for teachers, and highlights connections to the school-based context. Numerous real-life examples, reflections, articles and case studies assist students to understand a variety of educational theories, philosophies and frameworks. Throughout the book there is a focus on the processes of reflection, evaluation and ongoing improvement.

parent of enciso siblings: Mexican Exodus Julia G. Young, 2015-07-01 In the summer of 1926, an army of Mexican Catholics launched a war against their government. Bearing aloft the banners of Christ the King and the Virgin of Guadalupe, they equipped themselves not only with guns, but also with scapulars, rosaries, prayers, and religious visions. These soldiers were called *cristeros*, and the war they fought, which would continue until the mid-1930s, is known as *la Cristiada*, or the *Cristero* war. The most intense fighting occurred in Mexico's west-central states, especially Jalisco, Guanajuato, and Michoacán. For this reason, scholars have generally regarded the war as a regional event, albeit one with national implications. Yet in fact, the *Cristero* war crossed the border into the United States, along with thousands of Mexican emigrants, exiles, and refugees. In *Mexican Exodus*, Julia Young reframes the *Cristero* war as a transnational conflict, using previously unexamined archival materials from both Mexico and the United States to investigate the intersections between Mexico's *Cristero* War and Mexican migration to the United States during the late 1920s. She traces the formation, actions, and ideologies of the *Cristero* diaspora--a network of Mexicans across the United States who supported the Catholic uprising from beyond the border. These *Cristero* supporters participated in the conflict in a variety of ways: they took part in religious ceremonies and spectacles, organized political demonstrations and marches, formed associations and organizations, and collaborated with religious and political leaders on both sides of the border. Some of them even launched militant efforts that included arms smuggling, military recruitment, espionage, and armed border revolts. Ultimately, the *Cristero* diaspora aimed to overturn Mexico's anticlerical government and reform the Mexican Constitution of 1917. Although the group was unable to achieve its political goals, Young argues that these emigrants--and the war itself--would have a profound and enduring resonance for Mexican emigrants, impacting community formation, political affiliations, and religious devotion throughout subsequent decades and up to the present day.

Related to parent of enciso siblings

I was like a parent to my younger siblings. When I worry about becoming a good mom, I remember I already know how to be one. (Hosted on MSN1mon) When I was little, I begged my mom for a younger sibling, but she swore she was done having kids. I dreamt of feeling her belly kick, going on stroller walks, and helping hush the sound of loud cries

Psychologist warns of 'parentification' dangers: Why Mom and Dad shouldn't be your best friends (New York Post22d) Having your mom as your best friend seems nice in theory — and it's certainly romanticized in television shows such as "Gilmore Girls," "Jane the Virgin" and "Ginny and Georgia." But psychologists
