Two years ago, Jared left town, and Tate's life is exactly where she wants it to be. Or that's what she tells herself... Because two years ago, her heart

also stopped beating, and no matter the success in school or the support of her friends, there's only one time every week she can feel that same rush in her blood: Friday nights on the track. That's hers, not his, and to hell with anyone that gets in her way again. Especially him. NEXT TO NEVER Under the close watch of the men in her family, Quinn Caruthers has found it nearly impossible to spread her wings—or even date—without her three older brothers, Jared, Madoc, and Jaxon, jumping in to hover. And when a family friend—several years older—from her childhood still holds her heart, she knows they're going to be a problem. Lucas Morrow is a man, and knowing her brothers, he may as well be forbidden. But Lucas left town and shows no signs of returning. Quinn knows she shouldn't wait for him anymore.... She's never asked about the path of her parents' romantic history, but she soon learns their happy marriage had a very rocky and passionate start. penelope douglas books download: Blue Helmet Edward H. Carpenter, 2025-03 Blue Helmet: My Year as a UN Peacekeeper in South Sudan tells the story of a country, a conflict, and the institution of peacekeeping through the eyes of a senior American military officer working on the ground in one of the most dangerous countries on the planet. South Sudan is rich in natural resources, and its fertile soil could make it the breadbasket of East Africa. Yet it remains the poorest and most corrupt country in the region, plagued by disease, famine, and ethnic strife. Abductions, sexual violence, death, and displacement affect tens of thousands of people each year. Edward H. Carpenter pulls readers into his world, allowing them to experience the powerful, poignant realities of being a peacekeeper in South Sudan. In the process, the author reveals how the United Nations really conducts its missions: what it tolerates and how it often falls short of achieving the aims of its charter—equal rights, justice, and economic advancement for all people—with the use of armed forces limited to serving those common interests by keeping the peace and preventing the scourge of war. It is a story that is eye-opening, unsettling, and always compelling. Global leaders may fairly claim that they have done everything they can to help South Sudan help itself: they've dispatched thousands of peacekeepers and provided billions of dollars in aid. So why is the UN still struggling to

fulfill its mandate to protect civilians and safeguard the delivery of humanitarian assistance? What could be done better? Bringing the reader to the forefront of action, Blue Helmet answers these questions and raises others about how modern peacekeeping missions are organized and overseen, shedding light on some of the contradictions at the heart of peacekeeping.

On the other side of town, in the dark glades, under the rain... Macon is the oldest. Thirty-one. Ex-Marine. I don't think I've ever seen him smile. Army is twenty-eight. A single dad with the most beautiful green eyes. He has no idea who he is, if not a Jaeger brother. Iron will be in prison soon. You'd never think it to meet him. He's a nice guy, actually. Their house is dark and quiet, everyone else is asleep. Except for one. He sees me crying and comes at me from behind. I let him wrap his arms around my body and hold me tightly. His breath is on my neck, his fingers are in my hair, and he doesn't stop there. I don't think it was Trace.
