pdf download speech pathology: Speech-Language Pathologists in Early Childhood Intervention Kathleen D. The text begins with a general overview of the history and rationale for early childhood intervention, including the Individuals with Disabilities Education Act (IDEA), Part C program, and Early Head Start, as well as a description of the need for speech-language pathologists in early intervention. The majority of the text offers assessment and intervention strategies and tools, including specific tests and curricula, training resources, and the importance of using ongoing assessment for this young age. Strategies for coaching parents and collaborating with professional colleagues as well as working within daily routines in natural environments for the child - all integral components of the Part C early intervention program - are interwoven throughout. The text concludes with the importance of viewing children holistically - taking into consideration all aspects of a child's being and acknowledging the interrelatedness of their developing skills as well as the importance of family in their development. pdf download speech pathology: Zwei- und Mehrsprachigkeit bei Kindern mit kognitiven Beeinträchtigungen Etta Wilken, 2022-09-14 Der Anteil der Kinder, die zwei- oder mehrsprachig aufwachsen und bei denen Deutsch nicht die Erstsprache ist, nimmt in Deutschland deutlich zu. Deshalb haben mittlerweile etwa 28% der Kinder im Kleinkind- und Vorschulalter einen Migrationshintergrund und in jeder fünften Familie wird nicht vorrangig Deutsch gesprochen. Entsprechend ist davon auszugehen, dass dies auch für viele Familien zutrifft, in denen ein Kind mit einer Beeinträchtigung lebt und für das Zwei- oder Mehrsprachigkeit im Lebensalltag bedeutsam ist. Häufig besteht jedoch das Vorurteil, dass vor allem Kinder mit einer kognitiven Beeinträchtigung mit einem mehrsprachigen Angebot überfordert würden. Das Buch möchte diese kritische Haltung überwinden und reflektiert deshalb, welche Bedingungen für das mehrsprachige Lernen bestehen und was für die Sprachförderung der Kinder zu berücksichtigen ist.
