Because I raised resolution as much as possible, you enlarge it and can display it. I pick conspicuous UTUWA of the characteristic and want to approach the mind of lived people even some in Jomon period. "Form" of JOMON has delicacy and gorgeousness, and I watch amazing harmony there again. In such a case, I watch there the longing and enthusiasm of artists. And I feel even his high mind. About a PDF file I confessed it, and I tried the registration of the epub file many times to publish this book, but was not able to carry it out. Therefore I decided to register as pdf file. I was not able to use the hyperlink function with pdf file. A table of contents and an index and the expression of the website do not open. About the English sentence of this book I who was the author of this book translated a Japanese sentence into an English sentence by oneself. However, the power to control my English is very insufficient. Therefore I used translation software in the publication of this book. As a result, I think that a sentence of this book is the strange sentence that it is hard to read. The motif of this book is very important to me. I want to share it with many people. Therefore I was a strange sentence, but decided to publish this English book daringly. I feel sorry for the person who was supposed to read this book by chance. And I thank such a reader very much.

When he cured the eyes, vision of many patients and other doctors in the hospital where he worked with natural treatments, without use of eyeglasses, surgery, drugs and proved his method is fact and that some of the old theories of eye function are incorrect, only theories; the doctors, surgeons that preferred to sell eyeglasses, surgery, drugs expelled him. Dr. Bates then opened his own office, a Clinic in Harlem, New York City. He treated thousands of people by natural methods, including many of the poor people that had little money. He kept his price for medical treatment low and also provided free assistance to people that could not afford to pay for a visit to an Ophthalmologist. His treatments were successful. He cured the young and old, people of all ages, nationalities. The Bates Method is so simple and effective that many of his cured patients, 'often children' then went on to cure their parents, teachers and other children of defective vision including crossed, wandering eyes. pdf version books: *Capitalism, The American Empire, and Neoliberal Globalization* Kenneth E. Bauzon, 2019-11-11 This book looks at facets in the history of capitalism from the Enlightenment period, through the emergence of the American Empire in the Pacific, and to the contemporary era of neoliberal globalization. This re-telling of history is done by drawing from the works of E. San Juan, Jr. (henceforth, San Juan), considered arguably one of the great contemporary cultural and literary critics of our time. In this author's view, San Juan's lifetime of works offer a living documentation of, among others, the history and thought of the modern world highlighted by the rise of capitalism through the contemporary era of neoliberal globalization, and shepherded to its hegemonic status by what stands today as the preeminent empire of the United States. The book underscores the symbiosis between contemporary capitalism as an economic system based on accumulation on the one hand, and the American imperial state on the other, just as it revisits the colonial project that was carried out in capitalism's wake, the violence and subjugation inflicted on its victims, and how this colonial project has morphed into a new form of colonialism (or neocolonialism) maintained and enforced through the rules and institutional mechanisms of what is popularly known as neoliberal globalization that also provides the ideological and legal rationale for the commodification and the ultimate grab of the global commons reminiscent of the classical, albeit cruder, form of colonialism.
