red scarf girl pdf: *Miseducation* A. J. Angulo, 2016-04-01 A provocative collection that explores how intentional ignorance seeps into formal education. Honorable Mention for the PROSE Education Theory Award of the Association of American Publishers Ignorance, or the study of ignorance, is having a moment. Ignorance plays a powerful role in shaping public opinion, channeling our politics, and even directing scholarly research. The first collection of essays to grapple with the historical interplay between education and ignorance, *Miseducation* finds ignorance—and its social production through naïveté, passivity, and active agency—at the center of many pivotal historical developments. Ignorance allowed Americans to maintain the institution of slavery, Nazis to promote ideas of race that fomented genocide in the 1930s, and tobacco companies to downplay the dangers of cigarettes.

Today, ignorance enables some to deny the fossil record and others to ignore climate science. A. J. Angulo brings together seventeen experts from across the scholarly spectrum to explore how intentional ignorance seeps into formal education. Each chapter identifies education as a critical site for advancing our still-limited understanding of what exactly ignorance is, where it comes from, and how it is diffused, maintained, and regulated in society. Miseducation also challenges the notion that schools are, ideally, unimpeachable sites of knowledge production, access, and equity. By investigating how laws, myths, national aspirations, and global relations have recast and, at times, distorted the key purposes of education, this pathbreaking book sheds light on the role of ignorance in shaping ideas, public opinion, and policy.

red scarf girl pdf: African Youth in Contemporary Literature and Popular Culture Vivian Yenika-Agbaw, Lindah Mhando, 2014-01-21 This book explores how African youth are depicted in contemporary literature and popular culture, and discusses the different ways by which they attempt to construct personal and cultural identities through popular culture and social media outlets. The contributors approach the subject from an interdisciplinary perspective, looking at images in children's and adolescent literature from Africa, and the African diaspora, from Nollywood and Hollywood movies, from popular magazines, and from youth cultures encountered directly through field experiences. The findings reveal that there are many stereotypes about Africa, African youth and black cultures, and that African youth are aware of these. Since they juggle multiple identities shaped by their ethnicities, race and religion, it is often a challenge for them to define themselves. As they also share a global youth culture that transcends these cultural markers, some take advantage of media outlets to voice their concerns and participate in political struggles. Others simply use these to promote their personal interests. Contributors ponder the challenges involved in constructing unique identities, offering ideas on how African youth are doing so successfully or not in different parts of the continent and the African diaspora, and thus offer new possibilities for youth studies.

red scarf girl pdf: 1968: Today's Authors Explore a Year of Rebellion, Revolution, and Change Marc Aronson, Susan Campbell Bartoletti, 2018-09-11 Welcome to 1968 — a revolution in a book. Essays, memoirs, and more by fourteen award-winning authors offer unique perspectives on one of the world's most tumultuous years. Nineteen sixty-eight was a pivotal year that grew more intense with each day. As thousands of Vietnamese and Americans were killed in war, students across four continents took over colleges and city streets. Assassins murdered Dr. King and Robert F. Kennedy. Demonstrators turned out in Prague and Chicago, and in Mexico City, young people and Olympic athletes protested. In those intense months, generations battled and the world wobbled on

the edge of some vast change that was exhilarating one day and terrifying the next. To capture that extraordinary year, editors Marc Aronson and Susan Campbell Bartoletti created an anthology that showcases many genres of nonfiction. Some contributors use a broad canvas, others take a close look at a moment, and matched essays examine the same experience from different points of view. As we face our own moments of crisis and division, 1968 reminds us that we've clashed before and found a way forward — and that looking back can help map a way ahead.
