savage columbine experience: Putin through the lens of Columbine Douglas Ord, 2024-02-19 A first impression of Putin through the lens of Columbine may be that it displays an unhealthy recall of the Columbine High School massacre, as a singular and horrible event that deserves consignment to the past. The view is probable that this should be the case

especially for the two perpetrators. There are grounds, however, for suggesting that Columbine may have been a peculiarly and even uniquely resonant event: the blood-event in which a focused, articulate, and unapologetic will to destruction of the human world both announced itself to the world and entered it. What is offered here is a reading of archives that begins with recognition of a syntax of resemblance between two performative mass murderers with big ambitions: Eric Harris and Vladimir Putin. The text organizes thought in an unusual way, drawing in method from David Hume and Gilles Deleuze as will be credited. A reader accustomed to the usual bandwidth of both public and academic discourse is asked to set aside expectations and proceed with an open mind.

savage columbine experience: Backpacker , 2000-05 Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

savage columbine experience: *Training the Young Actors of Theatre Ashbury* Gregory H. Simpson, 2025-04-14 When Gregory H. Simpson was hired to run the drama program at Ottawa private school Ashbury College, he brought with him a very simple premise: If you taught kids to think, there would be a revolution in education. That premise—plus a few years, more than a few scandalously unfiltered plays, and a whole bunch of wonderful students—would create the internationally-acclaimed Theatre Ashbury. Mr. Simpson demanded critical thought, intense work, and commitment from those kids, and what he got was decades of showstopping, educational, and attention-grabbing theatre. (Not to mention a few stars among his alumni!) Now, Mr. Simpson lays out his methodology: Theatre as Education. By giving his students the artistic freedom to explore difficult subjects, the rigor and the skills to depict them authentically, and the highest standards to reach with their achievements, he taught his students—and everyone around them—a lot more than how to act.

savage columbine experience: The Bully Society Jessie Klein, 2012-03-16 Choice's Outstanding Academic Title list for 2013 Through interviews and case studies, Klein develops an explanation for bully behavior in America's schools In today's schools, kids bullying kids is not an occasional occurrence but rather an everyday reality where children learn early that being sensitive, respectful, and kind earns them no respect. Jessie Klein makes the provocative argument that the rise of school shootings across America, and childhood aggression more broadly, are the consequences of a society that actually promotes aggressive and competitive behavior. The Bully Society is a call to reclaim America's schools from the vicious cycle of aggression that threatens our children and our society at large. Heartbreaking interviews illuminate how both boys and girls obtain status by acting "masculine"—displaying aggression at one another's expense as both students and adults police one another to uphold gender stereotypes. Klein shows that the aggressive ritual of gender policing in American culture creates emotional damage that perpetuates violence through revenge, and that this cycle is the main cause of not only the many school shootings that have shocked America, but also related problems in schools, manifesting in high rates of suicide, depression, anxiety, eating disorders, self-cutting, truancy, and substance abuse. After two decades working in schools as

a school social worker and professor, Klein proposes ways to transcend these destructive trends—transforming school bully societies into compassionate communities.

savage columbine experience: *POV Horror* Duncan Hubber, 2023-11-23 Drawing together strands of film theory and psychology, this book offers a fresh assessment of the found footage horror subgenre. It reconceptualizes landmark films—including *The Blair Witch Project* (1999), *Cloverfield* (2008), *Paranormal Activity* (2009), and *Man Bites Dog* (1992)—as depictions of the lived experience and social legacy of psychological trauma. The author demonstrates how the frantic cinematography and ambiguous formulation of the monster evokes the shocked and disoriented cognition of the traumatized mind. Moreover, the frightening effect of trauma on society is shown to be a recurring theme across the subgenre. Close textual analysis is given to a wide range of films over several decades, including titles that have yet to receive any academic attention. Divided into four distinct sections, the book examines how found footage horror films represent the effects of historical and contemporary traumatic events on Western societies, the vicarious spread of traumatic experiences via mass media, the sublimation of domestic abuse into haunted houses, and the viewer's identification with the monster as an embodiment of perpetrator trauma.

savage columbine experience: *The failure of the Occident*. Laurent Sueur, 2024-05-05 In times past, the Occident enlightened the world when confusion reigned; the crepuscular reason of some righteous nations used to restore order, but this lighthouse is diseased: it seems that it is unable to show societies the ways to reality and goodness. Unfortunately, if the Statue of Liberty drowns in the port of New York, there will be no future, for the rest of the world is not able to exert a civilizing influence on mankind. Hence, the aim of this book is to understand why what was supposed to bring peace, civilization and goodness to the whole planet failed, which will someday enable us to make the world a better place. This is our moral duty, for the universe was not created to witness our downfall.

savage columbine experience: *Public Health and Welfare: Concepts, Methodologies, Tools, and Applications* Management Association, Information Resources, 2016-09-12 The prevention and treatment of diseases is a primary concern for any nation in modern society. To maintain an effective public health system, procedures and infrastructure must be analyzed and enhanced accordingly. *Public Health and Welfare: Concepts, Methodologies, Tools, and Applications* provides a comprehensive overview of the latest research perspectives on public health initiatives and promotion efforts. Highlighting critical analyses and emerging innovations on an international scale, this book is a pivotal reference source for professionals, researchers, academics, practitioners, and students interested in the improvement of public health infrastructures.

savage columbine experience: *The Secrets of Rome* Corrado Augias, 2014-04-22 A fascinating history of Rome spanning 27 centuries with tantalizing details for history buffs and travelers to Italy From Italy's popular author Corrado Augias comes the most intriguing exploration of Rome ever to be published. In the mold of his earlier histories of Paris, New York, and London, Augias moves perceptively through twenty-seven centuries of Roman life, shedding new light on a cast of famous, and infamous, historical figures and uncovering secrets and conspiracies that have shaped the city without our ever knowing it. From Rome's origins as Romulus's stomping ground to the dark atmosphere of the Middle Ages; from Caesar's unscrupulousness to Caravaggio's lurid genius; from the notorious Lucrezia Borgia to the seductive Anna Fallarino, the marchioness at the center of one of Rome's most heinous crimes of the post-war period, Augias creates a sweeping account of the passions that have shaped this complex city: at once both a metropolis and a village, where all human sentiment—bravery and cowardice, industriousness and sloth, enterprise and laxity—find their interpreters and stage. If the history of humankind is all passion and uproar, then, as the author notes, for centuries Rome has been the mirror of this history, reflecting with excruciating accuracy every detail, even those that might cause you to avert your gaze.

savage columbine experience: What a Long Strange It's Been Dr. Jeffrey W. Neal, 2022-05-11 What a Long Strange It's Been By: Dr. Jeffrey W. Neal Based on a life in education, What a Long Strange It's Been details the joys, struggles, and heartbreak of navigating years as a dedicated educator. It also examines the shooting death of a beloved teacher at the hands of a fourteen-year-old student, its aftermath, and the school community's recovery. As shootings, particularly, at schools show no signs of stopping, there is a lesson to be learned. Ultimately, the author hopes readers enjoy this celebration of education as well as gain some insight into the recovery from PTSD.

savage columbine experience: A Companion to Public Art Cher Krause Knight, Harriet F. Senie, 2016-06-07 A Companion to Public Art is the only scholarly volume to examine the main issues, theories, and practices of public art on a comprehensive scale. Edited by two distinguished scholars with contributions from art historians, critics, curators, and art administrators, as well as artists themselves Includes 19 essays in four sections: tradition, site, audience, and critical frameworks Covers important topics in the field, including valorizing victims, public art in urban landscapes and on university campuses, the role of digital technologies, jury selection committees, and the intersection of public art and mass media Contains "artist's philosophy" essays, which address larger questions about an artist's body of work and the field of public art, by Julian Bonder, eteam (Hajoe Moderegger and Franziska Lamprecht), John Craig Freeman, Antony Gormley, Suzanne Lacy, Caleb Neelon, Tatzu Nishi, Greg Sholette, and Alan Sonfist.

savage columbine experience: Producers' Choice: Six Plays for Young Performers Megan Barker, DJ Britton, James Graham, Sarah May, Simon Reade, Simon Stephens, 2010-10-15 Producers' Choice: Six Plays for Young Performers showcases some of the best plays for young people produced by the UK's leading theatre companies. The plays are ideal for young performers aged 13-25 and offer a diverse range of challenges, styles and subjects. The volume will prove essential for teachers and students of Drama and for youth drama groups. The plays include modern reworkings of classics, such as Simon Reade's witty and brilliantly inventive adaptation of Lewis Carroll's much-loved fantasy, and DJ Britton's version of Sophocles' Theban plays, the tragic Oedipus/Antigone. Contemporary teenage issues are dealt with in Megan Barker's beautiful and uplifting Promise and Sarah May's The Butterfly Club. Simon Stephens' hit-play Punk Rock set in a grammar school explores dislocation and aggression among sixth form pupils; James Graham's Tory Boyz is a fast-paced, political comedy about prejudice and ambition in Westminster. Each play features production notes and the volume is introduced by Paul Roseby, Artistic Director of the National Youth Theatre. For schools, youth theatre groups and drama colleges this anthology of thematically and stylistically diverse plays will prove an invaluable resource.
