quduri translation book: *The Mukhtasar Al-Quduri* Aḥmad ibn Muḥammad Qudūrī, 2010 The Mukhtasar Al-Quduri is one of the most celebrated and influential treatises in any Muslim school of methodology and thought and is the foundation for the Hanafi school. It is both the first source for scholars and a manual for the general reader.

quduri translation book: Mawdudi and the Making of Islamic Revivalism Seyyed Vali Reza Nasr, 1996 Nasr examines the life and thought of Mawlana Mawdudi, one of the first and most important Islamic ideological thinkers. Mawdudi was the first to develop a modern political Islamic ideology, and a plan for social action to realize his vision. The prolific writings and indefatigable efforts of Mawdudi's party, the Jamaat-i-Islami, first in India and later in Pakistan, have disseminated his ideas far and wide. His views have informed revivalism from Morocco to Malaysia. Nasr discerns the events that led Mawdudi to a revivalist perspective, and probes the structure of his thought, in order to gain fresh insights into the origins of Islamic revivalism. He argues that Islamic revivalism did not simply develop as a cultural rejection of the West, rather it was closely tied to questions of communal politics and its impact on identity formation, discourse of power in plural societies, and nationalism. Mawdudi's discourse, though aimed at the West, was motivated by Muslim-Hindu competition for power in British India. His aim, according to Nasr, was to put forth a view of Islam whose invigorated, pristine, and uncompromising outlook would galvanize Muslims into an ideologically uniform and hence politically indivisible community. In time, this view developed a life of its own and evolved into an all-encompassing perspective on society and politics, and has been a notable force in South Asia and Muslim life and thought across the Muslim world.

quduri translation book: Islamic Finance David Eisenberg, 2012-03-22 This work is a practical and commercial guide to the fundamental principles of Islamic finance and their application to Islamic finance transactions. Islamic finance is a rapidly expanding, global industry and this book is designed to provide a practical treatment of the subject. It includes discussion and analysis of the negotiation and structure involved in Islamic finance transactions, with relevant case studies, structure diagrams and precedent material supporting the commentary throughout. An introductory section describes the theoretical background and explains the principles (and their

sources) of Islamic law which underpin Islamic finance practices, providing an important backdrop to the work as a whole. The work also considers the role of Shariah supervisory boards, Islamic financial institutions and the relevance of accounting approaches. The work adopts an international perspective to reflect the pan-global nature of the industry and accepted practices, with the aim to bring together different schools of thought applied in international Islamic finance transactions. It also highlights any regional differences in accepted practice by reviewing the position in the Gulf states, Asia, the UK and Europe and the USA. The second part of the book concentrates on Islamic financial law in practice and begins with a section on financial techniques. This section explains the basic requirements for Islamic finance contracts both in terms of the underlying asset types and also both the applicability and acceptability of the underlying asset. There is a full discussion of the various types of contractual models such as Mudaraba (trustee finance), Musharaka (partnership or joint venture), Murabaha (sale of goods), and Sukuk (participation securities: coupons etc). The nascent area of Takaful (insurance) is also covered as are matters specific to the important field of project and asset finance.

guduri translation book: Zahir and Batin: Understanding Shah Abdul Latif's Poetry - Layers of Meaning Shah Abdul Latif Bhittai, 2025-06-03 Volume One: Sur Kalyan & Sur Yaman Kalyan is the first in a multi-part series exploring Shah Jo Risalo, the mystical poetry of Shah Abdul Latif Bhittai (1689-1752). This volume serves both as an introduction and a standalone reflection on two foundational Surs—Kalyan and Yaman Kalyan—chosen for their deep resonance with Shah Latif's spiritual worldview. Sur Kalyan evokes the blossoming of divine love and spiritual joy, while Sur Yaman Kalyan explores inner purification and the soul's yearning to return to its origin. Each poem is presented with a line-by-line literal translation and then interpreted through two complementary lenses: Zahri (outer): revealing moral, cultural, and historical meanings Batni (inner): uncovering symbolic and mystical dimensions of the soul's journey. This dual approach allows readers to engage with Shah Latif's work as both literary treasure and living spiritual map. His verses may outwardly recount Sindhi folk tales—such as Sasui's search for Punhun or Sohni's river crossing—but inwardly they reflect profound truths of Divine love, longing, self-annihilation, and union. Shah Latif's poetry transforms familiar landscapes—deserts, rivers, mountains—into metaphors for spiritual stations. His use of marginalized female heroines as spiritual symbols, his deliberate ambiguity with terms like "wine" or "beloved," and his Sufi-rooted symbolism invite readers to reflect at many levels. His genius lies in addressing both ordinary villagers and seasoned seekers in a single verse. This book also features original pencil sketches that accompany selected poems, visually echoing Shah Latif's allegorical and emotional landscapes. These illustrations deepen the contemplative experience, helping readers see and feel the poet's inner world. Rooted in classical Sufi interpretation and accessible analysis, this volume invites readers to read with the heart, and to begin a journey from surface meaning to the hidden pearl beneath. He who seeks only the surface will never find the pearl. Dive deep, O seeker, for the treasure lies beneath. — Shah Abdul Latif Bhittai

guduri translation book: Madrasas and the Making of Islamic Womanhood Hem Borker, 2018-06-26 This in-depth ethnography looks at the everyday lives of Muslim students in a girls' madrasa in India. Highlighting the ambiguities between the students' espousal of madrasa norms and everyday practice, Borker illustrates how young Muslim girls tactically invoke the virtues of safety, modesty, and piety learnt in the madrasa to reconfigure normative social expectations around marriage, education, and employment. Amongst the few ethnographies on girls' madrasas in India, this volume focuses on unfolding of young women's lives as they journey from their home to madrasa

and beyond, and thereby problematizes the idealized and coherent notions of piety presented by anthropological literature on female participation in Islamic piety projects. The author uses ethnographic portraits to introduce us to an array of students, many of whom find their aspirational horizon expanded as a result of the madrasa experience. Such stories challenge the dominant media's representations of madrasas as outmoded religious institutions. Further, the author illustrates how the processes of learning-unlearning and alternate visions of the future emerge as an unanticipated consequence of young women's engagement with madrasa education.

quduri translation book: *Urban Terrorism* N. C. Asthana, Anjali Nirmal, 2009 Outrageous myths have been created and perpetrated about terrorism in general and terrorism by Muslims in particular. There are two reasons for it. One is, of course, genuine ignorance about things Islamic. The other reason is more sinister. Myths are created and perpetuated because that keeps everyone in business. By spinning yarns about the most horrible things the terrorists are capable of doing, the media ensures that they have a never-ending supply of sensational material with which to keep the people hooked it also enables the intelligence agencies and security forces to appear more relevant and expand their turf in the process. The myths must be busted because they tend to settle deep in the collective subconscious and ultimately come to influence policy decisions. The media, for example, would have you believe that we have not been able to eradicate terrorism only because we do not have enough commandos everywhere! The fact is that terrorism would not be finished by killing a few terrorists. Bomb blasts continue to take place in spite of the arrests of the masterminds. As long as we do not address the root cause, there would be many more willing to kill and get killed. Victory against terrorism can be achieved only if you have completely understood the fundamental reasons of terrorism, the motivation of the terrorists, the intrinsic weaknesses of the targets, the innate strength of the way of the terrorist, and the follies of the approach that you have persisted with so far. If a nation has floundered in its war against terrorism, it is because it has never had a serious and honest-to-God analysis of terrorism. Hence this book. Exhaustive yet attractive, informative yet interesting and above all, extremely hard-hitting it is the ultimate encyclopedia of terrorism.

quduri translation book: *Sexuality Education from an Islamic Perspective* G. Hussein Rassool, Muhammad Aftab Khan, Shaikh Abdul Mabud, Muhammad Ahsan, 2020-02-13 We live in an over-sexualised culture where sex and sexuality have become part of the public domain. This sexual revolution challenges Judeo-Christian and Islamic norms and boundaries. As such, sexuality education is a sensitive and extremely important issue, and its current implementation in schools has raised public concerns. This book explores the subject, contextualising it within the matrix of Islamic beliefs and practices. Islam binds sexuality and sexual education to a moral grid with rights and obligations, justice and equity. There is a dominant discourse and stereotype around 'Islamic sexuality', which presents sex and sexuality as the biggest taboo, fraught with fear and seldom discussed. This book dispels such myths and misconceptions, providing an overview of sexuality education in the modern world and the need for such education.

quduri translation book: *Madrasas in South Asia* Jamal Malik, 2007-11-27 After 9/11,

madrasas have been linked to international terrorism. They are suspected to foster anti-western, traditionalist or even fundamentalist views and to train al-Qaeda fighters. This has led to misconceptions on madrasa-education in general and its role in South Asia in particular. Government policies to modernize and 'pacify' madrasas have been precipitous and mostly inadequate. This book discusses the educational system of madrasas in South Asia. It gives a contextual account of different facets of madrasa education from historical, anthropological, theological, political and religious studies perspectives. Some contributions offer recommendations on possible - and necessary - reforms of religious educational institutions. It also explores the roots of militancy and sectarianism in Pakistan, as well as its global context. Overall, the book tries to correct misperceptions on the role of madrasas, by providing a more balanced discussion, which denies neither the shortcomings of religious educational institutions in South Asia nor their important contributions to mass education.
