rabbi finkelstein interview: Unveiling True God The Father of Christ Dr. Steven Christ, 2020-01-31 The purpose of this book is to bring truth as to who God The Father is and who we really are in Christ. Knowing who you are allows you to take back your power and authority over the God of this world—Yahweh. God The Father of Christ and all creation is not the God of this world (John 18:36). The Father gave man dominion over the earth (Genesis 1:26-28); through man's sin, power and authority was transferred to Satan/Lucifer. The Father cast Lucifer out of heaven down to the earth (Isaiah 14:12-14) vowed to be worshipped as God the Most High, the Father. Lucifer deceives the whole world (Revelation 12:9) into believing he is God The Father of Christ. The world is looking for this deception to occur in the future. In this book, I prove biblically this deception has already occurred twenty-five hundred years ago when Yahweh freed the Jews out of Egypt. Yahweh declares he is the God of the Jews ever since the land of Egypt and there is no other savior but him (Hosea 13:4). Before this, who was Yahweh? Our minds have been blinded by two thousand years of corrupt and false teachings that were set in place to maintain Yahweh's power and control over this world. Jesus Christ came into this world to tell the Jews the god they're worshipping—Yahweh is not God The Father. The Jews killed Jesus to save the Jewish nation (John 11:50-53) as His message would have completely destroyed the nation; this truth brought division within families. The Jews, with the help of Paul, gathered the children of Christ, grafting them into Yahweh's kingdom under the pretense that Yahweh is the Father of Christ, knowing he is the fallen angel Lucifer. The Father gave man markers to identify Lucifer and his fallen angels. One marker—they are chained in darkness. Yahweh always appears to men in thick darkness: Moses, Solomon, David, and the prophets. Yahweh/Jehovah is the god and ruler of this world, so the only way God The Father could help man was to be born into Yahweh's kingdom here on earth. Yahweh demanded shedding of blood—an innocent blood sacrifice for the forgiveness of sin. Jesus followed all of Yahweh's laws and statutes perfectly; He was sinless. Jesus gave himself to be man's blood sacrifice to appease Yahweh's wrath upon man. God the Father is perfect love; He is displeased with blood sacrifice of any kind. He told the Jews to stop but they continued making sacrifices to their God—Yahweh (Isaiah 66:3, Hosea 6:6-9). God the Father says killing of bulls and goats does not take away sin (Hebrews 10:4-6). I prove through scripture that Yahweh is not the loving God The Father of Christ. Yahweh does not have the Holy Spirit of the Father; therefore, he cannot create, he cannot raise the dead, and he cannot heal the sick. Yahweh needs the Father's Holy Spirit that is in all men to maintain his world construct; without it, this world would collapse. Yahweh keeps all men's souls in bondage and imprisoned here within the earth through sin and reincarnation; our spirit is recycled over and over till the day of judgment. Jesus came to teach us how to break free from Yahweh's matrix, being

brought into God The Father's kingdom of light in the third heaven. Yahweh/Jehovah is the God of this world; his realm is the heavens directly above the earth and our planetary system. God the Father and Christ dwells in the third heaven aka the pleroma where there is no time, gravity, or matter. All things created emanate from the Father, Who is perfect love. He loves all His creation equally, so He has no favorites; no judgment or wrath towards His creation. This world is worshipping Yahweh; who comes from the Creator/God the Father. Yahweh is a jealous, angry, wrathful god that wants you to fear him. God the Father is the father of all things created; all things emanate from the Father so who can He be jealous of? Nothing. We are now living in the end times. Yahweh is doing everything in his power to corrupt God The Father's creation using all men of power having one agenda—to control the whole world through one world religion, one world government, and one world currency. In this book, I give you the tools needed to escape Yahweh's kingdom of condemnation, death, and destruction.

rabbi finkelstein interview: *The Routledge History of Antisemitism* Mark Weitzman, Robert J. Williams, James Wald, 2023-09-04 Antisemitism is a topic on which there is a wide gap between scholarly and popular understanding, and as concern over antisemitism has grown, so too have the debates over how to understand and combat it. This handbook explores its history and manifestations, ranging from its origins to the internet. Since the Holocaust, many in North America and Europe have viewed antisemitism as a historical issue with little current importance. However, recent events show that antisemitism is not just a matter of historical interest or of concern only to Jews. Antisemitism has become a major issue confronting and challenging our world. This volume starts with explorations of antisemitism in its many different shapes across time and then proceeds to a geographical perspective, covering a broad scope of experiences across different countries and regions. The final section discusses the manifestations of antisemitism in its varied cultural and social forms. With an international range of contributions across 40 chapters, this is an essential volume for all readers of Jewish and non-Jewish history alike.

rabbi finkelstein interview: *The Rabbi's Wife* Shuly Rubin Schwartz, 2007-09-01 2006 National Jewish Book Award, Modern Jewish Thought Long the object of curiosity, admiration, and

gossip, rabbis' wives have rarely been viewed seriously as American Jewish religious and communal leaders. We know a great deal about the important role played by rabbis in building American Jewish life in this country, but not much about the role that their wives played. The Rabbi's Wife redresses that imbalance by highlighting the unique contributions of rebbetzins to the development of American Jewry. Tracing the careers of rebbetzins from the beginning of the twentieth century until the present, Shuly Rubin Schwartz chronicles the evolution of the role from a few individual rabbis' wives who emerged as leaders to a cohort who worked together on behalf of American Judaism. The Rabbi's Wife reveals the ways these women succeeded in both building crucial leadership roles for themselves and becoming an important force in shaping Jewish life in America.

rabbi finkelstein interview: *Too Jewish or Not Jewish Enough* Jeffrey Abt, 2024-02-02 Displays of Jewish ritual objects in public, non-Jewish settings by Jews are a comparatively recent phenomenon. So too is the establishment of Jewish museums. This volume explores the origins of the Jewish Museum of New York and its evolution from collecting and displaying Jewish ritual objects, to Jewish art, to exhibiting avant-garde art devoid of Jewish content, created by non-Jews. Established within a rabbinic seminary, the museum's formation and development reflect changes in Jewish society over the twentieth century as it grappled with choices between religion and secularism, particularism and universalism, and ethnic pride and assimilation.

The Last Generation of the German Rabbinate follows their lives and careers over decades in America. Although culturally uprooted, the group's professional lives and intellectual leadership, particularly those of the younger members of this group, left a considerable mark intellectually, socially, and theologically on American Judaism and on American Jewish congregational and organizational life in the postwar world. Meticulously researched and representing the only systematic analysis of prosopographical data in a digital humanities database, The Last Generation of the German Rabbinate reveals the trials of those who had lost so much and celebrates the legacy they made for themselves in America.

rabbi finkelstein interview: **Spiritual Radical** Edward K. Kaplan, 2007-01-01 This ambitious book explores the relationship between time and history and shows how an appreciation of long-term time helps to make sense of the past. For the historian, time is not an unproblematic given but, as for the physicist or the philosopher, a means to understanding the changing patterns of life on earth. The book is devoted to a wide-ranging analysis of the way different societies have conceived and interpreted time, and it develops a theory of threefold roles of continuity, gradual change, and revolution that together form a 'braided' history. Linking the interpretative chapters are intriguing brief expositions on time travel, time cycles, time lines and time pieces, showing readers the different ways in which human history has been located in time. In its global approach the book is part of the new shift towards 'big history', in which traditional period divisions are challenged in favour of looking again at the entire past of the world from start to end. The approach is thematic. The result is a view of world history in which outcomes are shown to be explicable, once they happen, but not necessarily predictable before they do. This book will inform the work of historians of all periods and at all levels, and contributes to the current reconsideration of traditional period divisions (such as Modernity and Postmodernity), which the author finds outmoded.
