In addition, most focus on just one region or country. Written by Jerry Soverinsky, the owner of a Chicago-based tour company specializing in European destinations (www.cbttours.com) and former Second City comedy writer, this book differs from its predecessors by featuring (a.) detailed information for planning and riding 7- to 10-day tours in 10 countries, (b.) route descriptions in the form of precise, turn-by-turn cue sheets based on notable landmarks, and (c.) details for each tour, including historical overviews of regions, food and lodging accommodations to suit any budget, and up-to-date contact information. Katende, a war refugee turned missionary, had an improbable dream: to empower kids in the Katwe slum through chess - a game so foreign there is no word for it in their native language. Laying a chessboard in the dirt, Robert began to teach. At first children came for a free bowl of porridge, but many grew to love the game that - like their daily lives - requires persevering against great obstacles. Of these kids, one girl stood out as an immense talent: Phiona. By the age of eleven Phiona was her country's junior champion, and at fifteen, the national champion. Now a Woman Candidate Master - the first female titled player in her country's history - Phiona dreams of becoming a Grandmaster, the most elite level in chess. But to reach that goal, she must grapple with everyday life in one of the world's most unstable countries. *The Queen of Katwe* is a remarkable and inspirational book that shows how 'Phiona's story transcends the limitations of the chessboard' (Robert Hess, US Grandmaster).
