Goll, 2016-02-16 The Supernatural Bridge That Connects Heaven to Earth Fire shall be kept burning continually on the altar; it is not to go out --Leviticus 6:13 If you desire to have a burning passion for prayer--and to see authentic revival sweep the land--it's time for you to rediscover The Lost Art of Intercession. reinhard bonnke blood power: Lost Art of Intercession Expanded Edition James W. Goll, 2007-04-28 Over two hundred and fifty years ago, this verse was burned into the hearts of Moravian refugees in the tiny community of Herrnhut in eastern Germany. Their commitment to restore the Watch of the Lord, through 24 hours of unbroken prayer and intercession continued for more than 100 years. God is calling His warriors once again to mount the Watch of the Lord. When God's people send up the incense of prayer and worship, God will send down supernatural power, anointing, and acts of intervention. Author James W. Goll combined with the writings of E.M. Bounds paints an inspiring picture of prophetic clarity and prayerful urgency that sound God's clarion call to His Church. Now is the time to mount the walls with prayer and praise, and restore The Lost Art of Intercession.

reinhard bonnke blood power: Faith: The Link with God's Power Reinhard Bonnke, 2014-03-03 God's Gift to All Believers Some believe that simply having faith is an entitlement to blessing and prosperity. Others believe that faith in oneself is all that is needed in life. Still others contend that faith is a cosmic force that breeds superhuman, super-spiritual, invincible power. It is none of these. Faith is not something requiring you to believe in what you know is not true, nor is it believing something for which there is no evidence. The Bible—a book all about faith—provides the evidence that makes faith so vital, so important, and so astounding. In Faith: The Link with God's Power, international evangelist Reinhard Bonnke draws from his years of personal study and vibrant ministry to reveal that... Faith is like a wiring system that carries power into our lives. Faith itself is not the power, but it links us to the power source. There is no link to God's power without faith. Our belief in what happens tomorrow stems from what we already experienced yesterday. It is not the size of your faith but the size of the God you believe in that determines the results. Reinhard Bonnke is more qualified than most to shed light on what it means to minister in the power of the Holy Spirit. He and his CfaN team regularly conduct gospel crusades in Africa, where signs and wonders follow the preaching of the gospel. In one six-day crusade, more than 1,600,000 people attended a single service, with 3,450,000 making positive decisions for Christ over the course of the event. Indeed, these are days in which God's people can abound in faith!

reinhard bonnke blood power: The New Faces of Christianity Philip Jenkins, 2006-09 Named one of the top religion books of 2002 by USA Today, Philip Jenkins's phenomenally successful The Next Christendom permanently changed the way people think about the future of Christianity. In that volume, Jenkins called the world's attention to the little noticed fact that Christianity's center of gravity was moving inexorably southward, to the point that Africa may soon be home to the world's largest Christian populations. Now, in this brilliant sequel, Jenkins takes a much closer look at Christianity in the global South, revealing what it is like, and what it means for the future. The faith of the South, Jenkins finds, is first and foremost a biblical faith. Indeed, in the global South, many Christians identify powerfully with the world portrayed in the New Testament--an agricultural world very much like their own, marked by famine and plague, poverty and exile, until very recently a society of peasants, farmers, and small craftsmen. In the global South, as in the biblical world, belief in spirits and witchcraft are commonplace, and in many places--such as Nigeria, Indonesia, and Sudan--Christians are persecuted just as early Christians were. Thus the Bible speaks to the global South with a vividness and authenticity simply unavailable to most believers in the industrialized North. More important, Jenkins shows that throughout the global South, believers are reading the Bible with fresh eyes, and coming away with new and sometimes startling interpretations. Some of their conclusions are distinctly fundamentalist, but Jenkins finds an intriguing paradox, for they are also finding ideas in the Bible that are socially liberating, especially with respect to women's rights. Across Africa, Asia, and Latin America, such Christians are social activists in the forefront of a wide range of liberation movements. It's hard to overstate how interesting, how eye-opening, how frequently surprising (and sometimes disturbing) Jenkins' findings are. Anyone interested in the implications of these trends for the major denominations, for Muslim-Christian conflict, and for global politics will find The New Faces of Christianity provocative and incisive--and indispensable.
