shemitah book online: Crisis Investor: Turning Financial Calamities Into Profitable Opportunities Successfully James J. Hobart, 2016-03-10 Have you ever wondered how investors, businesspersons, and entrepreneurs became billionaires out of the Financial Crisis of 2008? Have you ever pondered why there were more millionaires created out of the Great Depression than at any other time in U.S. history? How did these successful people do it? The majority of successful crisis investors are not the speculators on Wall Street; a crisis speculator has the same odds of winning as a gambler in Las Vegas. The majority of crisis investors are ordinary people, like you and me, who protected their family and capital from a crisis, bought distressed, undervalued assets during the crisis, and generated new innovative products, businesses, and industries that changed the world for the better. My purpose for this book is to educate, inform, and raise awareness to help individuals protect themselves from a crisis, and to better their livelihood and community. Read my thoughts of a crisis in 2016, 2017, & 2018

Looking back, you wonder "how did we get here?" Yet, these events are only signposts to the real future of mankind...the prophetic end of days. Globalism and Israel remain the two important factors to understanding key biblical prophecies. Signals abound that this generation is on the edge of experiencing a transition into the Tribulation. There may be no more dramatic proof that this sudden change is about to happen than what has resulted from the election of Donald J. Trump as president of the United States. In addition to being staunchly anti-globalism, Trump is stridently pro-Israel; moving the American Embassy from Tel Aviv to Jerusalem is proof. Now discover: Why Israel is such an important target for Satan How America is part of the biblical prophecies Which country is Babylon the Great - and why it will be destroyed Follow prophecy expert Terry James as he shares a collection of pivotal essays from 2015 to 2017 that reveal and highlight the prophetic clues that have brought us to this point in the countdown to a coming judgment. shemitah book online: *Cracking the Timeline* Ruth Rosemary, 2023-03-10 History versus science, history versus history, or history with science--who has it right? In this book, you will be challenged to think differently about BC history. Discover a calendar that is over five thousand years old and how the younger calendars go with it in this timeline. Discover concurrent event reading of the Bible as it relates to history. Discover the accuracy preserved by forefathers and more. With the use of the Gregorian calendar beginning in the 1500s, we read BC history with dates that go backward as events move forward. This is exactly the opposite of our current dates where the dates move forward as events move forward. In this book there is a BC to AD timeline of the Bible, some history and some prophesied events. As you read, you will go on a journey through history, and put together past and present through what was written down about events and prophesied events. 157

shemitah book online: The Ark Discoveries Richard Carl Bright, 2021-12-06 The Bible and Hebrew texts tell us: The Bible tells us in Genesis 8:4 that the ark rested "upon the mountains of Ararat." Hebrew text tells us the ark came to rest on the mountains of "rrt." There are no vowels in original Hebrew text, so "rrt" translated to Urartu and later to Ararat. Research tells us the area extended from southeastern Turkey across the present border into Iran and north to include most of present day Armenia to the southwest corner of Georgia then southwest to about the present city of Malatya and back southeast and south of Lake Van and southeast Turkey. It covered much of the eastern 1/3 of the present day Turkey. Mount Ararat is within that general area. Additional research that includes the time when Genesis is understood to have been written by Moses (1400-1450 BC) indicates that the Urartu Kingdom may have included the area into what is now Northern Iraq and to Historic Assyria. Additional research using Wikipedia tell us Assyrian sources from early 1300 BC have the Urartu Kingdom in the vast mountainous regions southwest of the Black Sea and Southwest of the Caspian Sea. Mount Ararat is within that general area. If the "mountains of Ararat," or Urartu has included such a large area or areas over the centuries, then since there has been no verifiable discovery that has been proven to be a large structure of a great age, It can be understood why some researchers are of the opinion that Mount Ararat may not have been in the area of Urartu at the time of the writing of the book of Genesis, or the ark did not land on Mount Ararat, but on another mountain within the vast area. Some other mountains suggested by those who have varied opinions are mentioned in chapter 17. There is also the belief by some that Mount Ararat is a post-flood mountain. This rationale is pursued despite the many reports (more than 40) of an ark sighting on Mount Ararat. A question here given regarding the landing place of the ark may be: Was Mount Ararat in the Urartu Kingdom at the time Genesis was written? (You have read this book; you know my position on the position of Mount Ararat when the ark landed and when Genesis was written). It certainly was in the Urartu Kingdom in the 9th century BC which later succeeded to the Armenians in the 6th century BC, but was Mount Ararat included in the "mountains of Ararat" (Gen. 8:4) when the book of Genesis was written? Moses is understood to have written the book of Genesis. Henrietta C. Mears (chapter 9, foot note 13) says the book of Genesis closes about 300 years before Moses was born. Moses could have only received the information to write the book by a direct revelation from God, or by historical records. If historical records were involved, where did the records come from? She writes: "No doubt it was written long before by Abraham, Noah, or Enoch, who knows?" Dr. Henry Morris agrees (also chapter 9, footnote 14) and adds that oral traditions handed down over the centuries may have been involved here too. God shared the records with Moses in whatever manner he chose to do so. The Word of God is truth. As far as Mt. Ararat being a post-flood mountain as some seem to believe, Dr. John Morris, Dr. Tim LaHaye and other scientists tell us the mountain was pre-flood and grew to its greatest height with all the geological activity that took place during the

flood (Chapter 9). Turkish geologist Dr. Bayraktutan has located what are believed to be “basement rocks” that give proof that Mount Ararat was pre-flood (“Who We Are” section). A question may be: What area did the Urartu Kingdom occupy long before Moses arrived on the scene? Wherever the area was I am of the belief that Mount Ararat was included in that area that would be known as the “mountains of Ararat” at the time the ark landed on it. I have personally talked with at least 6 people who have seen, or have personal knowledge of the ark on Ararat. They are the Reverend Vince Will who saw it from an aircraft in WWII, Ed Davis who during WWII was taken to see the ark by Kurds from his base in neighboring Iran, two 2 Kurdish shepherds who told me they saw part of a large structure, Dudley Thomas who held a top secret security clearance and saw satellite photographs and classified information in the “Science and technology Highlights” classified journal when in the navy, and Saim Sahin who was taken to the ark and was able to touch it. Their stories are in chapters 5 and 17, as well as in “Who We Are” and the “Sketches and Photo Sections.” A complete study of the Urartu Kingdom can be seen here:

shemitah book online: *The Spirit of Conscious Capitalism* Michel Dion, Moses Pava, 2022-10-20 This book provides a constructive criticism of the emerging practice of conscious capitalism from the perspective of world religions and spiritualities. Conscious capitalism, to many of its adherents, represents an evolutionary step forward beyond the dominant neo-liberal paradigm, where it often appears that just about everything is for sale. Is conscious capitalism consistent with the values inherent in religious and spiritual world-views and does it provide a better fit for bringing out the best that business has to offer? This book answers these questions and many more. An appealing read for researchers in business ethics as well as any reader critical of the excrescences of capitalism.

shemitah book online: *THE SIXTH SEAL II* Cliff Kelly,, 2024-01-30 Today, we are witnessing the historically powerful American Order experiencing perhaps its greatest peril as it struggles against the tidal wave of new challenges from Covid-19, the rapid rise of Christian Nationalism, large-scale Apostasy, and an increasingly divided nation streaming toward increased violence and possibly even Civil War. Dr. Kelly takes on these growing trends by examining Scripture by Scripture, the Sixth Chapter of the Book of Revelation as a Template to help explain the reasons for the current Crisis, and where America is likely headed if we do not effectively and biblically confront it. He argues that these events constitute the many Birth Pangs leading up to the stunning Return of Jesus Christ to rescue His true Church and judge the nations. But before that Day, Christians in America and around the world must prepare to move through those first tumultuous Seals, as God sifts and separates the true follower of Christ from the impostors. This is a riveting ride, and the reader is urged to have a Bible and a notepad close by, as we explore what Dr. Kelly termed in the first edition of this book, The End of History as We Know It. 2

shemitah book online: *End Time Rewind: An Exploration In Bible Prophecy And The Fate Of The World* Steven Sabatino, Remember when End Time Rewind warned you not to fall for the Doomsday-Rapture theories of Dispensational Premillennialism and their Zionist partners? Well, now that we've survived John Hagee's Four Blood Moons, Jonathan Cahn's Super Shemitah, and the menacing tentacles of the now defunct European Union and Islamic State (the supposed Beast Kingdoms of Revelation 17), the Futurist's next false claim centers around the 70-year anniversary of Israel's founding. Is the Jewish State really the prophetic clock by which God aligns world events and the return of Christ? Many Doomsday-Rapture forecasts have been put forth in the name of Futurism since the 2nd-century AD, none of which have come to fruition. This is disconcerting, because failed predictions and false expectations promoted by our Christian counterparts diminishes the credibility of the Bible and scars the reputation and integrity of the Prophetic Office of Jesus Christ. The age-old, tried-and-true Orthodox (aka Partial or Classical) Preterist approach maintains that the majority of Bible prophecies were already fulfilled by the end of the first century AD, and included Jesus' appearing in an Old Testament-styled, non-physical manifestation with power and great glory. All that remains to be accomplished in the future is for Jesus Christ to physically return to raise the

dead (which is when the rapture also occurs), preside over the final judgment, and create a new heaven and earth devoid of sin and death where the new and holy Jerusalem from heaven descends (as per Revelation 20:7 - Revelation 22:5).

shemitah book online: The End... Prophetic Insights into the Last Days Alison Brown, 2013-04-07 An amazing insight into end-times prophecy. Dr Brown writes from a messianic perspective revealing how the Feasts and current world events tie in with Biblical and even Islamic prophecies. A must read for all those interested in what is about to happen in these last days.

shemitah book online: Jewish Virtue Ethics Geoffrey D. Claussen, Alexander Green, Alan L. Mittleman, 2023-08-01 What is good character? What are the traits of a good person? How should virtues be cultivated? How should vices be avoided? The history of Jewish literature is filled with reflection on questions of character and virtue such as these, reflecting a wide range of contexts and influences. Beginning with the Bible and culminating with twenty-first-century feminism and environmentalism, *Jewish Virtue Ethics* explores thirty-five influential Jewish approaches to character and virtue. Virtue ethics has been a burgeoning field of moral inquiry among academic philosophers in the postwar period. Although Jewish ethics has also flourished as an academic (and practical) field, attention to the role of virtue in Jewish thought has been underdeveloped. This volume seeks to illuminate its centrality not only for readers primarily interested in Jewish ethics but also for readers who take other approaches to virtue ethics, including within the Western virtue ethics tradition. The original essays written for this volume provide valuable sources for philosophical reflection.

shemitah book online: The Babylon Code Paul McGuire, Troy Anderson, 2015-10-06 What if God embedded a code in the Bible that could only be cracked in the end times--a prophetic cypher that reveals how the four blood moons and the biblical Shemitah are just signs of the beginning of end-time events? Unlocking a great mystery that has puzzled scholars for nearly two thousand years, THE BABYLON CODE reveals how powerful forces are now at work to create a global government, cashless society, and universal religion as predicted by the prophets. The result of a five-year journalistic investigation, THE BABYLON CODE takes readers on a spellbinding journey to explore the link between the world's most secret organizations, the Bible's greatest prophetic riddle, and what world-renowned evangelist Billy Graham describes as a convergence in end-time signs for the first time in history. This prophetic mystery book pieces together the apocalyptic puzzle--uncovering what may be not only the biggest story and political scandal in modern history, but also the secret to both our survival and our salvation.

shemitah book online: Existential Threats Lisa Vox, 2017-07-03 In *Existential Threats*, Lisa Vox explores the growth of dispensationalist premillennialism alongside scientific understandings of the end of the world and contends that these two allegedly competing visions have converged to create an American apocalyptic imagination.

shemitah book online: Angels or Aliens? James Brouillette, 2020-01-29 Join the journey and examine the mysterious physical remains present on earth that are being used to mount a new attack against Christianity. The reason for these ancient remains' existence here on this planet is explained using scripture. *Angels or Aliens?* explores giants, flying vehicles, and angels as they are discussed and explained in the Bible and how they relate to the coming assault against Christians everywhere by this new theological lie. This new false doctrine is explored, which is now being prepared and developed in order to replace the Theory of Evolution as the Godless answer to mankind's origin. This unique look at the modern world, from a biblical point of view, provides a positive Christian vision and reinforces the fact that God is in control and through Christ the victory is ours. In addition, through the process the reader is exposed to some possible end-time scenarios that they may not have previously imagined. After studying the media and the communication in which it engages, Brouillette has identified a systematic indoctrination that has taken place over the last sixty years, in the area of the existence of life on other planets, and *Angels or Aliens?* exposes this newest attack against the Christian belief that our world was created by God. Using scripture, this new humanist attack is debunked, and the relationship this new theory might have with

end-times prophecy is exposed.

shemitah book online: The New Faces of American Poverty Lindsey K. Hanson, Timothy J. Essenburg, 2014-01-15 A timely examination of the effects of the Great Recession on Americans and the resulting federal reforms to healthcare, employment, and housing policies as a means to alleviate poverty. The Great Recession (2007 to 2009) brought the United States—routinely touted as the richest country in the world—to historical levels of poverty. Rising unemployment, government budget crises, and the collapse of the housing market had devastating effects on the poor and middle class. This is one of the first books to focus on the impact of the Great Recession on poverty in America, examining governmental and cultural responses to the economic downturn; the demographics of poverty by gender, age, occupation, education, geographical area, and ethnic identity; and federal and state efforts toward reform and relief. Essays from more than 20 contributing writers explore the history of poverty in America and provide a vision of what lies ahead for the American economy.

Author introduction to The Berean's Guide to the Time of the End (Acts 17:10) No one knows when the first biblical rapture will occur, but the Bible isn't clear. The mystery is full of clues. shemitah book online: Israel First! Gidon Ariel, Bob O'Dell, 2015-10-15 Never before have so many Christians felt so much apprehension about the direction the world is headed: moral decay in their own nations, the Iranian nuclear deal, the rise of ISIS, war against Israel, terrorism at home, the threat of worldwide financial collapse, and more, all under God's judgment. Into that scary mix, add a number of new theories and predictions about such topics as the Blood Moons, the Shemitah Year, Israel, and the Jubilee. Readers are as confused as they are fascinated, searching book after book, struggling to sort out whom to trust, what might happen, when it might happen, and whether the end of days is near. Imagine a book that brings all these predictions together and explains them clearly and respectfully. Imagine, further, a book that empowers and trains Christians on how to think for themselves. A book that does something no other prophecy book has ever done: give Christians a key to understanding how to make sense of all the theories--how they all fit together--a key it calls Israel First! And finally, imagine a book that puts its own methods to a public test by making cutting-edge predictions in advance of 2016 and beyond, revealing new and surprising details that are firmly grounded in Scripture. The book, based on a March 2015 lecture series, received rave reviews. Student comments were overwhelming: Wow! Amazing! Refreshing approach! Stunning! Insightful! Brought tears of joy... my fear is gone! I knew there had to be more and now I've found it! Israel First! breaks new ground as the first Christian prophecy book jointly written by a Christian and an Orthodox Israeli Jew! Bob O'Dell and Gidon Ariel co-founded Root Source, which offers Jewish Roots training to Christians online. This perspective flavors and enriches all of the chapters of Israel First! But the greatest leap in prophetic insight comes from a stunning decision to see Israel not as a tiny new nation partnering with the United States to survive, but as the emerging leader, first of all nations, mandated by God to showcase His existence and demonstrate moral principles to the rest of the world.
