snow rider: *Snow Tales and Powder Trails* Steve Baldwin, 2013-10-11 Snow Tales and Powder Trails is a collection of short stories and photographs, telling of a lifetime journey through snowy lands and mountains, using skis as a mode of transport and artistic medium. The experiences of the author come to life on the page, mirrored by images of stunning snow-covered peaks and landscapes. Using vast untracked snowfields as a blank canvas, the author draws line after line with his skis, etching his signature temporarily into the earth's surface, only for the next snowstorm to come in and cover any trace of human existence. The book explores some of the different aspects of skiing, mostly in deep fresh powder, and illustrates the adventures and elation that the mountains in winter can offer.

Die Story dieses Rennrad-Romans kommt allen bekannt vor, die ihr Herz an dieses Sportgerät verloren haben und die Symptome des Rennradwahns an sich selbst diagnostizieren: Es beginnt mit Herzklopfen, schnell bricht offene Begeisterung aus. Unausweichlich folgen die Perspektivenverengung, der masochistische Wiederholungszwang, schließlich die Umkrempelung der Persönlichkeit. So ist das mit dem Rennradbazillus - wer ihn sich einfängt, ist früher oder später für den Rest der Welt verloren ... Marbod Jaeger ist einer von denen, die ihr Leben um die Ausfahrten mit und ohne Trainingsgruppe herum organisieren. Denn echte Hobbyisten wissen: Nichts auf der Welt ist von irgendeiner Bedeutung, außer den Stunden auf dem Rennrad.

snow rider: Buffalo Guns & Barbed Wire Don Hampton Biggers, 1991 Newspaperman Don Hampton Biggers witnessed the last years of the West Texas frontier and grew intrigued with the buffalo hunters, the early cattlemen, and the stories they told. As the twentieth century began, he was collecting and publishing the recollections of old-timers who had participated in making Texas history. This book combines two of Biggers's works, *History That Will Never Be Repeated* (1901) and *Pictures of the Past* (1902)--both rare and coveted by collectors of Texana. The two, republished in 1991 as a Book Club of Texas special edition and trade clothbound edition, are now available in paperback for the first time. For *Pictures of the Past* the author wove old buffalo hunters' stories into descriptions of the herds, the slaughter, Indian incidents, Fort Griffin, the battle at Adobe Walls, and much more. *History That Will Never Be Repeated* records lore of the cattle industry in West Texas from 1876. In these vivid accounts by cowboys and ranchers are some of the most emblematic events of the American West--riding line, working roundup, turning a drift herd--recalled not for their romance but for their hardship and for the sheer endurance required of the men who lived them. The remarkable period photography of George Robertson and Erwin E. Smith illustrates the book in duotone throughout.

snow rider: Cowboys of the Wild West Russell Freedman, 1985 Describes, in text and illustrations, the duties, clothes, equipment, and day-to-day life of the cowboys who flourished in the west from the 1860's to the 1890's.

Black people can't endure cold temperatures, is a myth that has been held by Caucasians and some black people. Black skiers enjoy gliding, sliding and riding on the cold and snowy mountains. The myths that black people don't ski and that black people are too lazy to learn will be dispelled. There are countless stories of their experiences on the snowy mountains, their volunteer services, networking, finding love, and the friendships over the years.
