shemar moore: A Critical History of Soul Train on Television Christopher P. Lehman, 2014-11-26 As a wildly popular local dance show, Soul Train provided a venue for Chicago's soul singers and political activists and gave African American teenagers their first significant chance to see and identify with their peers on television. The subsequent national series garnered even more popularity, establishing producer and host Don Cornelius as one of the most successful pioneers of African American television production. This work discusses Cornelius's role in the evolution of his groundbreaking series from a small, all-black 1970s television show to a lucrative brand name applying not only to the program, but also to awards and various merchandise in the present day. The first two chapters focus on Cornelius's years in Chicago and the initial launching of Soul Train in 1970. The next two chapters explore how the nationally televised, California-based version of the show rose steadily in both popularity and cultural influence among primarily African American viewers, and how Cornelius himself became a rising celebrity during that time. The final chapters illustrate Cornelius's efforts in branching out beyond the dance show through various music-related business ventures, including the Soul Train Music Awards. The work includes interviews with several former cast members and guests, along with a complete chronology of the series and Cornelius's other professional ventures.

shemar moore: The Anthology of Really Important Modern Poetry Kathryn Petras, Ross Petras, 2012-03-27 Required reading from great poets of our time. Drew Barrymore: "Upon Pondering Breasts." Tom Cruise: "An Exegesis on Psychiatry." Ann Coulter: "My Kind of Fun." And Trump and Sheen and Snooki, John Boehner and Michelle Bachman, Miley and Ke\$ha. Hugo Chavez. Even a Zen haiku by Emmitt Smith: I think it's his self-confidence in himself that makes him confident. With their great gift for curating the inane public utterances of celebrities, politicians, and other self-important loudmouths, Kathryn and Ross Petras offer a timeless collection of "found" poetry—real quotes formatted as verse for hilarious and surprising effect. The quotes are inherently addictive and funny—but turning them into verse intensifies the effect, making the words even more ridiculous, parodies to revel in. And the Petrases take it one step further: organizing the poems by themes, introducing each work with a Norton Anthology mock seriousness, discussing "schools," and larding the text with footnotes, *The Anthology of Really Important Modern Poetry* is pure deadpan pleasure. A whiff of Emily Dickinson in Ann Coulter? It's literary treasure, right under our noses.
