spiritual warfare ebook free: God's Plan for Spiritual Battle Russell M. Stendal, 2024-09-18 I love a good fight. When unjustly attacked, I have learned to seek the guidance and

leadership of the Holy Spirit and retaliate by Overcoming Evil with Good. There is a huge difference between a Peacemaker and a Pacifist! This Battle Plan for spiritual warfare, gleaned from the life and message of Jesus — especially the Sermon on the Mount and the Beatitudes — was on my heart even before I was kidnapped by terrorists and held hostage under extreme conditions in 1983. Since then, thousands of missionaries, pastors, and other Christians have been kidnapped, murdered, or forced to flee from their places of ministry in rural Colombia. Had these Christians known and understood this battle plan for spiritual warfare, they could have been victorious instead of prematurely suffering defeat. Many who did choose to remain in the path of ever present danger have rallied around this message. A thriving underground church is multiplying in a huge area (about the size of North Korea) in the south and east of Columbia where Bibles, church buildings, formal ministry, and even house meetings have been prohibited for more than 25 years. Severe persecution in rural Colombia has actually served to bring real Christians together in deepening Christian relationships, identify the true church, and cleanse believers from corruption. This has been possible because of the remnant that has been chosen to fight the good fight of faith.

spiritual warfare ebook free: *The Scientism Delusion Techno Mysticism And Techno Spiritual Warfare Exploring the Connections Between Scientism and Luciferianism* Gregory Garrett, 2018-02-14 This enthralling page turner breaks all the molds, and fearlessly exposes the deepest darkest intrigue in history...The Luciferian Agenda for a New World Order. In it, we learn of the Luciferian roots of Modern Science, as the reader is transported back in time to the insidious origins of modern-day Scientism, the current religion of most scientists today. Through an excursion into the roots of Scientism, Mr. Garrett deftly retraces the historical antecedents of Scientism, echoing back to The Secret Mystery Schools of Kabbalistic, Egyptian Hermeticism, onwards into the true nature of Freemason and Alchemical Occultist, Sir Isaac Newton, and then further into the nefarious Vatican Jesuit Priesthood, whose hidden hand can be linked to the creation of The Illuminati, as well as the current Luciferian New Age Religion. Finally, the serpentine path leads up into modern Freemasonic Luciferian, NASA, and then to The Jesuit Controlled Alien Deception about to take hold of the world. --Christian Chesterfield Ph.D.

spiritual warfare ebook free: *Exposing the Devil's Playbook* John Ramirez, 2024-10-01 Just because you feel like you're in bondage, it doesn't mean you have to stay there. After reading this book, I will have the insight needed to rupture the enemy's grip on my life. I will gain the invaluable tools needed to fight in the spirit and take up my God-given authority as more than a conqueror in Christ Jesus. Many believers are not victorious and not living lives of purpose and destiny because they don't understand the schemes and wiles of the devil. Using powerful teachings, this book will unveil and expose the devil and his kingdom to the very core of his ministry, strategies, and weapons he uses against the church today. The church has fallen asleep. We do not understand the things of the Spirit. We don't understand the enemy of our souls. He comes to kill, steal, and destroy using satanic strategies, game plans, and arsenals of weapons that he wants us to believe are nonchalant, easygoing, harmless, and unpredictable. The church is not teaching and equipping believers to teach our hands to war in the spirit. In Psalm 144:1, David asked God, Lord, teach my hands to war. Now, instead of our hands being taught to fight the good fight, we find ourselves in handcuffs—limited, depleted, and spiritually anemic. This book will help you unlock your spiritual handcuffs so you can understand the works of the devil and expose him before he sets foot on the battlefield of your life. You will learn how to crush the head of the serpent in any season of your life, and how you can see him coming in the blind spots of your walk with the Lord. It's time for believers to be trained, equipped, and become a spiritual army. It's time to fight and expose the so-called devil and his entrapments. We will rise up and take back what he has stolen from us once and for all in the unmatched name of Jesus Christ, our Lord and our Savior. Jesus will be proud that He picked us for the ultimate battle.

spiritual warfare ebook free: *Jesus, Deliver Us* Willard M. Swartley, 2019 Deliver us from (the) evil (one) is the heart's cry from the Lord's Prayer. Evil wears many faces in our modern world. This book connects the Lord's Prayer to troubles of our times, be it attacks from Satan, the wars around the world, the scourge of racism, or the mass shootings of our time. The subtitle of the book identifies the scope. This book blends both deliverance from demonic bondage and witness to the powers in relation to political policies and government. While the book aims to be a biblical theology on these topics, it seeks also to address the praxis: how these evils are confronted through healing-deliverance ministries and what people of God say and do in witness to the powers. The two streams of response to evil are really one as a faithful response to the saving work of the Lord God Almighty through Jesus Christ's victory over Satan, sin, evil, and death. spiritual warfare ebook free: *The Battle for Virginia's 5th District* Mark Kevin Lloyd, 2011-04-19 New from Broadside Books' Voices of the Tea Party. As a child, Mark Lloyd's grandmother always told him that he was a descendant of Patrick Henry. Though he's still trying to document the connection, he likes to believe that he is guided by Henry's spirit. As a resident of Campbell County, Virginia—the county of Henry's final homestead—Lloyd follows Henry's example every day, dedicating his life to ensure the liberty Henry fought for would be passed on to his own children and grandchildren. As an active grassroots Tea Party participant in the political elections in Virginia's 2010 Fifth Congressional District, Lloyd describes the Republican primary battles between the tea party and Establishment Republicans, the somewhat awkward General Election alliance between the two, and the challenge of holding the victor of the General Election—an Establishment Republican who defeated an incumbent Democrat only with tea party support—accountable to the principles that brought him to Washington in January of 2011.

spiritual warfare ebook free: A NATION'S DAY of the LORD James Tarter, 2012-11-02 The Day of the Lord on a nation is its just judgment by God: a nation's full accountability to the just and loving God for the nation's sins throughout its history. The Bible shows many examples of God's just judgment of ancient nations as whole units. National judgments have continued through the centuries after Biblical times, but have become especially common in the last 80 years as nation after nation has come under atheistic communism or another dominating spiritual darkness. As with individuals, a nation that has sinned badly can be justly blessed by joining itself to the Lord Jesus and receiving His sacrifice for sinful mankind. For a nation to receive this blessing, believers in Jesus need to help the people in their land to want Jesus in their hearts and lives. This little book shows all of this and more.

spiritual warfare ebook free: Be Holy Oliver Faith, 2025-01-05 'Be Holy' explores Christianity's fundamental command of biblical holiness through a comprehensive examination of its theological foundations and practical applications. This scholarly yet accessible work investigates three core dimensions: separation unto God, moral purity, and spiritual transformation, demonstrating how these interconnected aspects shape authentic Christian living. The book uniquely balances academic rigor with practical wisdom, making complex theological concepts understandable for both scholars and lay readers. The journey begins with an exploration of holiness from its Hebrew roots (kadosh) through its New Testament fulfillment, establishing a robust

theological framework. What sets this work apart is its balanced approach to holiness as both a divine gift and an active pursuit, challenging common misconceptions while providing practical guidance. Through careful examination of biblical texts, historical church documents, and contemporary scholarship, readers gain a deeper understanding of how holiness manifests in daily life. Structured in three main sections, the book progresses from theological foundations to addressing misconceptions, and finally to practical application in areas such as thought life, relationships, and ethical decision-making. This methodical approach, enriched by insights from psychology, sociology, and ethics, presents holiness not as an unattainable ideal but as a comprehensive life orientation. The work serves as both a theological resource and a practical guide, offering actionable steps while maintaining focus on the transformative power of God's grace.
