stranger things cast beliefs: Magic, Monsters, and Make-Believe Heroes Douglas E. Cowan, 2019-01-29 Magic, Monsters, and Make-Believe Heroes looks at fantasy film, television, and participative culture as evidence of our ongoing need for a mythic vision—for stories larger than ourselves into which we write ourselves and through which we can become the heroes of our own story. Why do we tell and retell the same stories over and over when we know they can't possibly be true? Contrary to popular belief, it's not because pop culture has run out of good ideas. Rather, it is precisely because these stories are so fantastic, some resonating so deeply that we elevate them to the status of religion. Illuminating everything from Buffy the Vampire Slayer to Dungeons and Dragons, and from Drunken Master to Mad Max, Douglas E. Cowan offers a modern manifesto for why and how mythology remains a vital force today.

stranger things cast beliefs: Apathy in Literature: A Discourse on Emotionless Characters and Concepts Tony McCracken, 2013-08 This discourse focuses on the different concepts of apathy that appear in literature. Not only characterizations of apathetic protagonists, but also abstract concepts of apathy help to explore this special topic. Several important literary works from all sorts of genres function as examples to explain these concepts. Shakespeare's 'Hamlet', 'Camus' 'The Stranger', Palahniuk's 'Fight Club', Süskind's 'Perfume', and Dick's 'Do Androids Dream of Electric Sheep?' are only few of many literary works which are examined under the aspect of apathy in this study. Apathy is the lack of any kind of emotion. As emotions are essential to the conception of the human being, many approaches to understand this phenomenon have been made. The fields of psychology and biology are only two of several sciences which try to explain this phenomenon of alexithymia. But, whereas the core and origin of this human condition are still being analyzed, literature has been using the theme of apathy in several different ways. How this theme is used and which different concepts of apathy exist, will be examined in this discourse.
