selena tribute: *Texas Ingenuity* Alan C. Elliott, 2016-12-12 Imagination is bigger in Texas, too. This collection of inspiring and often quirky stories highlights dozens of examples of innovation from Lone Star history. The Hamill brothers devised a better oil well to reach gushers at Spindletop. The first Neiman-Marcus store opened in Dallas in 1907, revolutionizing the retail fashion world. Astroturf emerged at the Astrodome in 1966. Fritos and corn dogs are just two ubiquitous snack foods claimed as Texan originals. Houston native, and civil rights activist, Congresswoman Barbara Jordan rose to national prominence as a voice of unity during the Watergate scandal. Author Alan C. Elliott details these and many more lessons in success in *Texas Ingenuity*.

selena tribute: Women across Time / Mujeres a Través del Tiempo Susan L. Roberson,

2022-11-18 Sixteen South Texas women stand proudly in the public mural *Mujeres a Través del Tiempo* by Arnold González Sr. housed on the campus of Texas A&M University-Kingsville. These women are pioneers; they are ranchers, educators, artists, politicians, and community activists; they are general and specific, known and unknown. Inspired by the mural, this study assumes the biographer's task: to fill in the gaps of knowledge between the figures as seen and the lives they lived, with their trials and triumphs. Assembled by editor Susan L. Roberson, this collection features essays on the lives of the women who are depicted in the mural, women who live or lived in the South Texas region between the Nueces River and the Rio Grande, particularly Kleberg, Kenedy, and Nueces counties. Situated near the boundary between Mexico and Texas, these women navigated more than geographic borders as they tested their place in economic, political, and artistic arenas long recognized as male domains. Taken together, these biographical sketches contribute to a revision and reimagining of the history of South Texas and provide a corrective to an Anglo-dominated history of the area by showing how Tejanas found places of leadership and creative outlets. By sketching the contributions of female students at Texas A&M University-Kingsville, the final essay brings the collection to the present and forecasts a future where opportunities for women extend beyond borders.

Encompassing the various groups of immigrants who create new vistas of opportunity for both Spanish-speaking and mainstream entrepreneurs, this volume highlights the crossover and integration of Hispanics into competitive mainstream show business—and the rush by Anglo companies to grab their piece of the Latin pie.

selenal tribute: Race, Gender, and Citizenship in the African Diaspora Manoucheka Celeste, 2016-07-01 Winner of the National Communication Association's 2018 Diamond Anniversary Book Award With the exception of slave narratives, there are few stories of black international migration in U.S. news and popular culture. This book is interested in stratified immigrant experiences, diverse black experiences, and the intersection of black and immigrant identities. Citizenship as it is commonly understood today in the public sphere is a legal issue, yet scholars have done much to move beyond this popular view and situate citizenship in the context of economic, social, and political positioning. The book shows that citizenship in all of its forms is often rhetorically, representationally, and legally negated by blackness and considers the ways that blackness, and representations of blackness, impact one's ability to travel across national and social borders and become a citizen. This book is a story of citizenship and the ways that race, gender, and class shape national belonging, with Haiti, Cuba, and the United States as the primary sites of examination.

She discusses the myriad contributions of Erasmo and Juan Seguín to Texas history, as well as the factors that led a hero of the Texas

Revolution (Juan) to be viewed later as a traitor by his fellow Texans. Admired by many but despised by others, folk hero Juan Nepomuceno Cortina is one of the most controversial figures in the history of nineteenth-century South Texas. Preservationist and historian Adina De Zavala fought to save part of the Alamo site and other significant structures. Labor activist Emma Tenayuca's youth, passion, courage, and sacrifice merit attention for her efforts to help the working class. Joseph reveals the individual and collective accomplishments of a powerhouse couple, bilingual educator Edmundo Mireles and folklorist-author Jovita González. She recognizes the military and personal battles of Medal of Honor recipient Raul "Roy" Benavidez. Irma Rangel, the first Latina to serve in the Texas House of Representatives, is known for the many "firsts" she achieved during her lifetime. selenas tribute: The Riddle of Cantinflas Ilan Stavans, 2012-12 Ilan Stavans's collection of essays on kitsch and high art in the Americas makes a return with thirteen new colorful conversations that deliver Stavans's trademark wit and provocative analysis. A Dream Act Deferred discusses an issue that is at once and always topical in the dialogue of Hispanic popular culture: immigration. This essay generated a vociferous response when first published in The Chronicle of Higher Education as the issue of immigration was contested in states like Arizona, and is included here as a new addition that adds a rich layer to Stavans's vibrant discourse. Fitting in this reconfiguration of his analytical conversations on Hispanic popular culture is Stavans's Arrival: Notes from an Interloper, which recounts his origins as a social critic and provides the reader with interactive insight into the mind behind the matter. Once again delightfully humorous and perceptive, Stavans delivers an expanded collection that has the power to go even further beyond common assumptions and helps us understand Mexican popular culture and its counterparts in the United States.

selena tribute: Defending Their Own in the Cold Marc Zimmerman, 2011-09-15 Defending Their Own in the Cold: The Cultural Turns of U.S. Puerto Ricans explores U.S. Puerto Rican culture in past and recent contexts. The book presents East Coast, Midwest, and Chicago cultural production while exploring Puerto Rican musical, film, artistic, and literary performance. Working within the theoretical frame of cultural, postcolonial, and diasporic studies, Marc Zimmerman relates the experience of Puerto Ricans to that of Chicanos and Cuban Americans, showing how even supposedly mainstream U.S. Puerto Ricans participate in a performative culture that embodies elements of possible cultural Ricanstruction. Defending Their Own in the Cold examines various dimensions of U.S. Puerto Rican artistic life, including relations with other ethnic groups and resistance to colonialism and cultural assimilation. To illustrate how Puerto Ricans have survived and created new identities and relations out of their colonized and diasporic circumstances, Zimmerman looks at the cultural examples of Latino entertainment stars such as Jennifer Lopez and Benicio del Toro, visual artists Juan Sánchez, Ramón Flores, and Elizam Escobar, as well as Nuyorican dancer turned Midwest poet Carmen Pursifull. The book includes a comprehensive chapter on the development of U.S. Puerto Rican literature and a pioneering essay on Chicago Puerto Rican writing. A final essay considers Cuban cultural attitudes towards Puerto Ricans in a testimonial narrative by Miguel Barnet and reaches conclusions about the past and future of U.S. Puerto Rican culture. Zimmerman offers his own semi-outsider point of reference as a Jewish American Latin Americanist who grew up near New York City, matured in California, went on to work with and teach Latinos in the Midwest, and eventually married a woman from a Puerto Rican family with island and U.S. roots.
