the gods of eden pdf: *Der Aufstieg der wissenschaftlichen Diktatur* Phillip Darrell Collins, Paul David Collins, 2020-04-21 Das Sachbuch *Der Aufstieg der wissenschaftlichen Diktatur* zeichnet die Entstehungsgeschichte moderner Technokratien nach. Es handelt sich dabei um Regierungsformen, die streng an wissenschaftlichen Kriterien ausgerichtet sind bzw. sich der Erkenntnisse der modernen Wissenschaften zur Manipulation, Konditionierung und Steuerung der Massengesellschaften bedienen – beispielsweise der Soziologie, der Psychologie sowie der Naturwissenschaften. Die Autoren belegen anhand zahlreicher Quellen die historischen, verdeckten (geo)politischen Hintergründe und ideologischen Grundlagen heutiger Regierungssysteme, die schlußendlich in einer Global Governance, einer Weltregierung verschmolzen werden sollen – einer, wie Aldous Huxley sich einmal ausdrückte, Wissenschaftlichen Diktatur, geführt von Experten - einer technokratisch-technologischen Elite. Oder in drei Worten: Schöne neue Welt. Die Autoren handeln das Thema dabei aus christlicher Perspektive ab.

the gods of eden pdf: UFOs Karl Svozil, 2023-08-01 Unidentified phenomena in space, in the Earth's atmosphere, and in waters are too important to leave their exploration to the military and scientific laypersons. Their proper scientific study is important for a variety of reasons; in particular, scientists and the public at large need to know the basic facts, to be informed about the way evidence is recorded, and to understand the difference between reliable evidence and fiction, as well as between plausible explanations and fantasy. With this objective, the book surveys the history of UFO observations, the variety of recorded phenomena, and recounts the efforts of investigative commissions and their published findings. Although wild rumors are demystified in the process, this is not an exercise in rumor-bashing. An open and at the same time critical mindset is the key. Many narratives and hypothesis appear implausible relative to our present state of knowledge; but this alone should not lead to their outright exclusion. Thus the author also pays attention to UFO sightings that have so far eluded explanation in terms of known physics or meteorology. Here the reader will encounter some of the more speculative but scientifically tenable proposals, for example, relating to sudden zigzag motion without apparent inertia or recognizable propulsion, yet always with a clear guide to their plausibility. Last but not least, the book outlines plans and suggestions for future research capable of revealing the existence and intentions of extraterrestrial intelligences, outer-space engineers, or technologies so far known only from science fiction.

the gods of eden pdf: The Art of Deception is the Rule of Life Albert Amao Soria Ph.D., 2024-07-09 This book is a spiritual journey of self-discovery for those open-minded and willing to embrace the truth, even if it means confronting deep-rooted false beliefs inherited from our ancestors. It is a call to step out of the comfort of blissful ignorance and into the light of personal enlightenment. Ignoring the truth may provide temporary solace, but it can lead to greater despair and fear in the long term. This existential gap is usually filled with religions, myths, and legends; however, these stories may not be entirely factual. Nevertheless, they provide solace and a sense of purpose in life, so they are often considered well-intentioned, pious fiction. Many desire to know the

the gods of eden pdf: Gobekli Tepe: Genesis of the Gods Andrew Collins, 2014-05-01 An exploration of the megalithic complex at Göbekli Tepe, who built it, and how it gave rise to legends regarding the foundations of civilization • Details the layout, architecture, and exquisite carvings at Göbekli Tepe • Explores how it was built as a reaction to a global cataclysm • Explains that it was the Watchers of the Book of Enoch and the Anunnaki gods of Sumerian tradition who created it • Reveals the location of the remains of the Garden of Eden in the same region Built at the end of the last ice age, the mysterious stone temple complex of Göbekli Tepe in Turkey is one of the greatest challenges to 21st century archaeology. As much as 7,000 years older than the Great Pyramid and Stonehenge, its strange buildings and rings of T-shaped monoliths--built with stones weighing from 10 to 15 tons--show a level of sophistication and artistic achievement unmatched until the rise of the great civilizations of the ancient world, Sumer, Egypt, and Babylon. Chronicling his travels to Göbekli Tepe and surrounding sites, Andrew Collins details the layout, architecture, and exquisite relief carvings of ice age animals and human forms found at this 12,000-year-old megalithic complex, now recognized as the oldest stone architecture in the world. He explores how it was built as a reaction to a global cataclysm--the Great Flood in the Bible--and explains how it served as a gateway and map to the sky-world, the place of first creation, reached via a bright star in the constellation of Cygnus. He reveals those behind its construction as the Watchers of the Book of Enoch and the Anunnaki gods of Sumerian tradition. Unveiling Göbekli Tepe's foundational role in the rise of civilization, Collins shows how it is connected to humanity's creation in the Garden of Eden and the secrets Adam passed to his son Seth, the founder of an angelic race called the Sethites. In his search for Adam's legendary Cave of Treasures, the author discovers the Garden of Eden and the remains of the Tree of Life--in the same sacred region where Göbekli Tepe is being uncovered today.

the gods of eden pdf: Eden's Bridge David B. Doty, 2012-01-01 Eden's Bridge: The Marketplace in Creation and Mission explores a biblically based theology of the marketplace implicit in the creation narrative of Genesis 1-2. The thesis validates the calling and ministry of all marketplace Christians. David Doty invites readers to rethink and redirect the purposes of vocation, trade, and profit toward the purposes of God's Kingdom, as they were revealed in the beginning and are to be restored in Christ's reign. This book is eye-opening and inviting as it explores how God is moving to reclaim the marketplace for His Kingdom, and His redeeming purposes for the world of commerce. The marketplace holds untold potential if business is conducted according to God's plan:

poverty can be eradicated, abundant living can be shared among all people, and shalom can prevail. Eden's Bridge offers hope for recovering from the recent collapse of the global economic system by envisioning a new view of how wealth is made and how the marketplace is yet to serve God's purposes in His mission to the world.

the gods of eden pdf: Programmes spatiaux secrets et alliances extraterrestres, tome 5
Michael E. Salla, 2021-09-15T15:06:00-04:00 Le 5 septembre 2019, à l'occasion d'une séance de travail sur les perspectives d'avenir de l'espace organisée par le Commandement spatial de la Force aérienne des États-Unis, l'évolution de la situation spatiale jusqu'en 2060 fut analysée. Des huit scénarios possibles, positifs ou négatifs, qui en découlèrent, le plus favorable fut celui d'un « avenir à la Star Trek » qui verrait les pays possédant un programme spatial constituer une alliance multinationale et collaborer dans l'espace sur les plans civil, militaire et commercial. Aujourd'hui, l'émergence de la Force spatiale, la signature des accords Artemis et la création du centre spatial OTAN promettent d'être les leviers de ce scénario à la Star Trek. Mais en raison de l'existence des programmes spatiaux rivaux et peu coopératifs de la Chine et de la Russie, un tel avenir n'a rien d'une certitude. L'un l'autre ou les deux pays pourraient-ils déclencher un Pearl Harbor spatial apte à totalement détruire le système GPS des États-Unis, ainsi que le prédirent il y a vingt ans les experts de la Commission de l'espace ? Et que devons-nous penser des électrons libres que sont les nombreux programmes spatiaux secrets dotés de véhicules antigravitationnels développés par rétro-ingénierie à partir de vaisseaux extraterrestres récupérés ? Leur existence n'est pas officiellement reconnue par les grandes puissances, mais leurs activités spatiales posent des défis majeurs à un avenir à la Star Trek. La Force spatiale sera-t-elle en mesure d'intégrer les programmes spatiaux secrets américains ou ces programmes et leurs équivalents étrangers feront-ils obstacle à ses opérations futures ? Il faut se demander ultimement comment l'existence d'une vie extraterrestre entrera en ligne de compte dans les activités d'une Force spatiale de nations alliées et la présence de l'humanité dans l'espace jusqu'aux confins de notre système solaire et même au-delà. Force spatiale - Pour une alliance des nations apporte des réponses à ces questions et à tant d'autres interrogations essentielles au sujet de l'émergence prochaine de l'humanité sur la scène interplanétaire.
