the marrow thieves pdf: The Theatre of Regret David Gaertner, 2020-11-15 The Canadian public largely understands reconciliation as the harmonization of Indigenous-settler relations for the benefit of the nation. But is this really happening? Reconciliation politics, as developed in South America and South Africa, work counter to retributive justice in order to redress the divide opened

up between survivors and perpetrators as a result of historical violence. The Theatre of Regret asks whether, within the context of settler colonialism, this approach will ultimately favour the state over the needs and requirements of Indigenous peoples. Interweaving literature, art, and other creative media throughout his analysis, David Gaertner questions the state-centred frameworks of reconciliation by exploring the critical roles that Indigenous and allied authors, artists, and thinkers play in defining, challenging, and refusing settler regret. Through close examination of its core concepts – acknowledgement, apology, redress, and forgiveness – this study exposes the colonial ideology at the root of reconciliation in Canada.

the marrow thieves pdf: Reading for Action Ashley S. Boyd, Janine J. Darragh, 2019-06-05 This book illustrates how teachers can draw upon young adult literature to facilitate students' social action. Each chapter centers on one novel that represents a contemporary topic including police brutality, women's rights, ecojustice, and bullying. In each, authors provide pre-, during-, and after reading strategies for teaching that connect the social issues in the texts to students' lives and to the world around them. They then offer a multitude of avenues for student action, emphasizing the need to move readers from understanding and awareness to asserting their own agency and capacities to effect change in their local, national, and global communities. In addition to methods for scaffolding students' analysis of texts and topics, authors also offer a plethora of additional resources such as documentaries, canonical companions for study, connected music, and supplementary lesson plans.

the marrow thieves pdf: Utopian and Dystopian Explorations of Pandemics and Ecological Breakdown Heather Alberro, Emrah Atasoy, Nora Castle, Rhiannon Firth, Conrad Scott, 2024-07-31 This edited collection, which is situated within the environmental humanities and environmental social sciences, brings together utopian and dystopian representations of pandemics from across literature, the arts, and social movements. Featuring analyses of literary works, TV and film, theater, politics, and activism, the chapters in this volume home in on critical topics such as posthumanism, multispecies futures, agency, political ecology, environmental justice, and Indigenous and settler-colonial environmental relations. The book asks: how do pandemics and ecological breakdown show us the ways that humans are deeply interconnected with the more-than-human world? And what might we learn from exploring those entanglements, both within creative works and in lived reality? Brazilian, Indian, Polish, and Dutch texts feature alongside classic literary works like Defoe's *A Journal of a Plague Year* (1722) and Matheson's *I Am Legend* (1954), as well as broader takes on movements like global youth climate activism. These investigations are united by their thematic interests in the future of human and nonhuman relationships in the shadow of climate emergency and increasing pandemic risk, as well as in the glimmers of utopian hope they exhibit for the creation of more just futures. This exploration of how pandemics illuminate the entangled materialities and shared vulnerabilities of all living things is an engaging and timely analysis that will appeal to environmentally minded researchers, academics, and students across various disciplines within the humanities and social sciences. the marrow thieves pdf: Sovereignty and Sustainability Siobhan Senior, 2020-05-01 Sovereignty and Sustainability examines how Native American authors in what is now called New England have maintained their own long and complex literary histories, often entirely outside of mainstream archives, libraries, publishing houses, and other institutions usually associated with literary canon-building. Indigenous people in the Northeast began writing in English almost immediately after the arrival of colonial settlers, and they have continued to write in almost every form—histories, newsletters, novels, poetry, and electronic media. Over the centuries, Native American authors have used literature to assert tribal self-determination and protect traditional homelands and territories. Drawing on the fields of Native American and Indigenous studies, environmental humanities, and literary history, Siobhan Senior argues that sustainability cannot be thought of apart from Indigenous sovereignty and that tribal sovereignty depends on environmental

and cultural sustainability. Senier offers the framework of literary stewardship to show how works of Indigenous literature maintain, recirculate, and adapt tribally specific approaches to community, land, and relations. Individual chapters discuss Wampanoag historiography; tribal newsletters and periodicals; novelists and poets Joseph Bruchac, John Christian Hopkins, Cheryl Savageau, and Melissa Tantaquidgeon Zobel; and tribal literature on the web and in electronic archives. Pushing against the idea that Indians have vanished or are irrelevant today, Senier demonstrates to the contrary that regional Native literature is flourishing and looks to a dynamic future.

the marrow thieves pdf: Curriculum Studies in Canada Anne M. Phelan, William F. Pinar, 2024-06-03 The largest specialization in faculties of education in Canada is curriculum studies. Curriculum Studies in Canada represents the present preoccupations of curriculum scholars in Canada. Set against the backdrop of the COVID-19 pandemic, contributors engage with significant themes, among them ongoing efforts at justice for Indigenous Peoples, the continuing arrival of immigrants and refugees, Canada's complex relationship to the United States, and issues related to the climate crisis. Addressing such realities through the field of curriculum studies and the school curriculum is critical at this historical conjuncture given the complex and shifting intersections of local and global dynamics restricting education. To this end, contributing scholars serve as intellectual activists to address the critical need for understanding curriculum responsive to the vexed relations among schools, nation-building, social reconstruction, and identity development. Their activism yields more sophisticated understandings of what it means to be educated in Canada. Contributors trace the legacy of their work and reflect on their present scholarly preoccupations in light of their past endeavours. In doing so, Curriculum Studies in Canada offers an invitation to readers: to study, remember, dialogue, and navigate an uncertain world with them.

the marrow thieves pdf: The Three Nephites Julie Swallow, Christopher James Blythe, Eric A. Eliason, Jill Terry Rudy, 2025-10-07 Stories of encounters with the Three Nephites, immortal saint-like figures, dominate the folklore of the Latter-day Saint tradition. The authors of this volume use hundreds of legends collected by the renowned folklorist William A. Wilson from across a lifetime of research, study, and interviews to focus on the different themes exhibited by the Three Nephites and show that LDS culture, beliefs, and values are embodied by and through the Three Nephites. Each chapter focuses on a different theme from Three Nephites lore. "Vanishing Hitchhiker Nephites" addresses stories of the Nephites' travels. "The Worldwide End of the World" considers the Nephites as harbingers of the Second Coming. "Proclaiming-the-Gospel Stories" examines the interactions of the Three Nephites with missionaries. "Mix-ups, High Jinks, and Jokes" explores Nephite stories aimed at getting laughs. "That Your Joy Might Be Full" analyzes the types of service the Three Nephites render and reflects on the connection to the Church's injunction to serve others. A one-of-a-kind collection, The Three Nephites allows readers to see the extent that this supernatural legend has played in Latter-day Saint lore.
